Human Rights Development Report:

Human Rights Indicators in Development Siobhan McNerney-Lankford, Hans-Otto Sano, 2010-10-26 Human rights indicators are central to the application of human rights standards in context and relate essentially to measuring human rights realization both qualitatively and quantitatively They offer an empirical or evidence based dimension to the normative content of human rights legal obligations and a provide means of connecting those obligations with empirical data and evidence and in this way relate to human rights accountability and the enforcement of human rights obligations Human rights indicators are important both for assessment and diagnostic purposes the assessment function of human rights indicators relates to their use in monitoring accountability effectiveness and impact while the diagnostic purposes relates to measuring the current state of human rights implementation and enjoyment in a given context whether regional country specific or local This paper offers a preliminary review of the foregoing in the development context and a general perspective on the significance of human rights indicators for development processes and outcomes It is not intended to be prescriptive and does not provide specific operational recommendations on the use of human rights indicators in development projects Nor does it advocate a particular approach or mode of integrating human rights in development or argue for a rights based approach to development This paper is designed to provide development practitioners with a preliminary view on the possible relevance design and use of human rights indicators in development policy and practice It also introduces a basic conceptual framework about the relationship between rights and development including in the World Bank context and surveys a range of methodological approaches on human rights measurement exploring in general terms different types of human rights indicators and their potential implications for development at three different levels of convergence or integration *China's Road to Human Rights Development* Huawen Liu, 2023-06-13 This book describes the development of human rights in the People's Republic of China since 1949 In particular since the reform and opening up China has deepened its understanding of the rule of law and human rights and realized the incorporation of human rights into the Constitution The cause of human rights in China has entered a period of rapid development in a planned and step by step manner and a path of human rights development suited to China's national conditions has been set out China's international exchanges and cooperation in the field of human rights have gradually deepened and strengthened and China has made unique contributions becoming a participant builder and contributor to international human rights governance **Human Rights, Export Credits and Development Cooperation** Barbara Linder, 2019-12-27 This book analyses to what extent the current human rights system allows affected individuals to claim accountability for human rights violations resulting from bilateral development and export credit agency supported undertakings The author explores three legal pathways host state responsibility home state responsibility and corporate responsibility The book concludes with recommendations on how to strengthen human rights accountability and improve access to justice for adversely affected individuals It will be of great

interest to those researching the intersection between human rights development cooperation and investment Human Rights of Minority and Women's: Women and human rights development Indrani Sen Gupta, *The Right to Development and International Economic Law* Isabella D Bunn, 2012-03-01 The United Nations is commemorating the 25th anniversary of the 1986 Declaration on the Right to Development which proclaimed the right to be an inalienable human right by virtue of which every human person and all peoples are entitled to participate in contribute to and enjoy economic social cultural and political development in which all human rights and fundamental freedoms can be realized The UN now aims to mainstream the right into its policies and operational activities and is reviewing prospects for an internationally binding legal instrument The evolution of the right to development however has been dominated by debates about its conceptual validity and practical ramifications It has been hailed as the cornerstone of the entire human rights system and criticized as a distracting ideological initiative Questions also persist about the role of the right in reforming the international economic order This book examines the legal and moral foundations of the right to development addressing the major issues It then considers the right to development in the global economy noting the challenges of globalization and identifying key principles such as differential treatment of developing countries participation and accountability It relates the right to broad objectives such as the Millennium Development Goals the human rights based approach to development and environmental sustainability Implications for international economic law and policy in the areas of trade development finance and corporate responsibility are assessed The conclusion looks to the legal and ethical contributions and limitations of the right to development in this new context With an academic and professional background in international law human rights and moral theology the author brings a unique interdisciplinary focus to this timely project The Child's Right to Development Noam Peleg, 2019-07-25 A comprehensive analysis and innovative holistic interpretation of the child's right to development *The United Nations world water development report 2019* WWAP, 2019-03-19 Access to water and sanitation is internationally recognized human right Yet more than two billion people lack even the most basic of services The latest United Nations World Water Development Report Leaving No One Behind explores the symptoms of exclusion and investigates ways to overcome inequalities The United Nations world water development report, 2017 WWAP, UNESCO, 2017-03-15 The United Nations World Water Assessment Programme WWAP is hosted and led by UNESCO WWAP brings together the work of 31 UN Water Members and 38 Partners to publish The United Nations World Water Development Report WWDR series The annual World Water Development Reports focus on strategic water issues UN Water Members and Partners all experts in their respective fields contribute the latest findings on a specific theme The 2017 edition of the World Water Development Report focuses on Wastewater and seeks to inform decision makers inside and outside the water community about the importance of managing wastewater as an undervalued and sustainable source of water energy nutrients and other recoverable by products rather than something to be disposed of or a nuisance to be ignored The report's title Wastewater The Untapped Resource reflects

the critical role that wastewater is poised to play in the context of a circular economy whereby economic development is balanced with the protection of natural resources and environmental sustainability and where a cleaner and more sustainable economy has a positive effect on the water quality Improved wastewater management is not only critical to achieving the Sustainable Development Goal on clean water and sanitation SDG 6 but also to other goals of the 2030 Agenda for Sustainable Development

The Right to Development in International Law Khurshid Iqbal,2009-09-10 This book explores the right to development in international law The volume draws on a range of relevant sources to analyze the legal status of international cooperation in contemporary international law before going on to explore the domestic application of the right to development looking at the example of Pakistan *The Right to Development in Africa* Carol Chi

Ngang,2021-10-18 In *The Right to Development in Africa* Carol Chi Ngang provides a conceptual analysis of the human right to development with a decolonial critique of the requirement to have recourse to development cooperation as a mechanism for its realisation In his argumentation the setbacks to development in Africa are not necessarily caused by the absence of development assistance but principally as a result of the lack of an operational model to steer the processes for development towards the highest attainable standard of living for the peoples of Africa Basing on the decolonial and capability theories he posits for a shift in development thinking from dependence on development assistance to an alternative model suited to Africa which he defines as the right to development governance

Perspectives on the right to development Carol C Ngang,Serges Djoyou Kamga,Vusi Gumede,2018-01-01 The last couple of decades has not only witnessed an increased convergence between human rights and development but also a significant shift towards rights based approaches to development including especially responsiveness to the fact that development in itself is a human right guaranteed to be enjoyed by all peoples This edited volume of peer reviewed papers constitutes the first product resulting from the annual international conference series on the right to development organised by the Centre for Human Rights University of Pretoria and the Thabo Mbeki African Leadership Institute at the University of South Africa It explores the complex nature of the right to development from a diversified perspective including from a conceptual thematic country and regional points of view Conceived with the purpose to overshadow dominant economic growth approaches to development the perspectives on the right to development articulated in this publication seek to locate the developmentalist discourse within the framework of accountability and people centred development programming necessitating appropriate policy formulation to ensure the constant improvement in human well being The book is written with the aim to reach out to researchers academics practitioners and policy makers who desire an in depth understanding of the right to development as it applies universally

The Right to Development: Obligations of States and the Rights of Minorities and Indigenous Peoples Margot E. Salomon,Arjun Sengupta,2003-02-10 The United Nations adopted the Declaration on the Right to Development in 1986 The Declaration recognizes that development is an inalienable human right and describes development as a comprehensive

process leading to the well being of all people All states are called upon to cooperate internationally and work nationally to ensure that this comprehensive process in which all human rights can be realized is undertaken without discrimination and that all people may participate fully and equally in this process This paper provides an elaboration of the content of the right to development by drawing on international law It addresses the obligations of states particularly with regard to international cooperation and considers the application of obligations of conduct as well as those of result in giving this right meaning This paper also details the rights of minorities and indigenous peoples and how they relate to the right to development The creation of conditions that enable a state to develop will not necessarily lead to the realization of the right to development by the individuals within that state Traditionally marginalized groups notably minorities and indigenous peoples may not benefit from this development or may be harmed by it Even where the right to development is being realized by the majority the rights of minorities and indigenous peoples could be violated if the process undertaken does not take account of their rights The authors discuss the need to have in place the standards to ensure that the protection and promotion of minority and indigenous rights are fully integrated into policies designed to fulfil the right to development Written in cooperation with the UN Independent Expert on the right to development this work builds on his contribution to the mandated objectives of the inter state UN Working Group on the Right to Development It provides an important contribution to the scope of rights and obligations in this area and the implications that stem from them particularly for minorities and indigenous peoples **Atlas of Gender and Development How Social Norms Affect Gender Equality in non-OECD Countries** OECD,2010-02-22 Gender inequality holds back not just women but the economic and social development of entire societies This atlas presents a new measure of gender inequality which examines women s status according to family situation physical integrity son preference civil liberties and ownership rights *Women and Gender Equity in Development Theory and Practice* Jane S. Jaquette,Gale Summerfield,2006-03-27 Collection of essays on issues of women and development attempting to bridge theory and practice in the post 9 11 era to reflect debates in various realms from the environment land rights and identity to information technology employment and poverty **Thinking Diversity, Building Cohesion** ,2009 An Introduction to the Human Development and Capability Approach Séverine Deneulin,Lila Shahani,2009 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company The Right to Development in International Law Subrata Roy Chowdhury,Erik M. G. Denters,Paul J. I. M. de Waart,1992-04-09 2 3 BITS v CERDS **Routledge Handbook of Water and Health** Jamie Bartram,2015-09-25 This comprehensive handbook provides an authoritative source of information on global water and health suitable for interdisciplinary teaching for advanced undergraduate and postgraduate students It covers both developing and developed country concerns It is organized into sections covering hazards including disease chemicals and other contaminants exposure interventions intervention implementation distal influences policies and their implementation investigative tools and historic cases It offers 71 analytical and engaging chapters each representing a

session of teaching or graduate seminar Written by a team of expert authors from around the world many of whom are actively teaching the subject the book provides a thorough and balanced overview of current knowledge issues and relevant debates integrating information from the environmental health and social sciences *Indigenous People in Africa* Laher, Ridwan, SingiOei, Korir, 2014-05-05 This volume is an attempt to provide this intersectional and reflexive space The thinking behind the book began in Lamu in mid 2010 It was a time when growing community resistance emerged towards the Kenyan government's plan to build a second seaport under a trans frontier infrastructural project known as the Lamu Port South Sudan Ethiopia Transport Corridor LAPSSET The editors agreed that a book that draws community activists academics researchers and policy makers into a discussion of the predicament of indigenous rights and development against the backdrop of the Endorois case was timely and needed Assembled here are the original contributions of some of the leading contemporary thinkers in the area of indigenous and human rights in Africa The book is an interdisciplinary effort with the single purpose of thinking through indigenous rights after the Endorois case but it is not a singular laudatory remark on indigenous life in Africa The discussion begins by framing indigenous rights and claims to indigeneity as found in the Endorois decision and its related socio political history Subsequent chapters provide deeper contextual analysis by evaluating the tense relationship between indigenous peoples and the post colonial nation state Overall the book makes a peering and provocative contribution to the relational interests between state policies and the developmental intersections of indigeneity indigenous rights gender advocacy environmental conservation chronic trauma and transitional justice **International Covenant on the Right to Development** , 2025-08-04 In this pioneer compilation of academic literature on the International Covenant on the Right to Development including some of the leading experts on the subject the authors delve at length into the central enquiry on how and to what extent the Covenant will as a binding instrument of international law shape the global balance of power Envisaged to be incorporated in the international bill of human rights the analysis on the various component elements leads to the conclusive argument that once in force the Covenant on the Right to Development will have major implications for how the international order is structured and how development is henceforth pursued
