Included as well is the story of the legal struggle for control of Jackson's assets that followed his death, where Richards and Langthorne report that the combined earnings of Jay Z, Taylor Swift and Kanye West since Michael Jackson died come nowhere near the revenues Jackson has earned for his estate after his death. Written with documentary flair, this powerful and compelling book is already emerging as the definitive account of one of the darkest hours in music history.

Unmasked Ian Halperin, 2009-07-13 1 NEW YORK TIMES BESTSELLER In late December 2008, Ian Halperin told the world that Michael Jackson had only six months to live. His investigation into Jackson's failing health made headlines around the globe. Six months and a day later, the King of Pop was dead. The planned London concerts would have earned millions for the singer and his entourage, but he could never have completed them, not mentally and not physically. Michael knew it, and his advisers knew it. Anyone who caught even a fleeting glimpse of the frail 50-year-old hiding beneath the costumes and cosmetics would have understood that the London tour was madness. Why did it happen this way? After an intense five-year investigation, New York Times bestselling author Ian Halperin uncovers the real story of Michael Jackson's final years.

Was Michael Jackson Murdered? You Be the Judge Everett Watson, 2019-09-19 Was Michael Jackson Murdered? You Be the Judge By Everett Watson Was Michael Jackson Murdered? You Be the Judge was inspired by the late pop star's untimely death and the controversy surrounding it. Looking into his death drove the author to produce a movie called *The Murder of Michael Jackson: The Perfect Murder*. In this book, Everett Watson provides all the evidence he found that shows incontrovertible evidence that Michael Jackson's death wasn't an accident or suicide, but premeditated murder.

Target Concha Calleja, 2020-11-20 THE NEWEST AND HIDDEN VISION OF THE KING OF POP In the early morning of June 25, 2009, Michael Jackson's doctor enters his room and finds him out of breath. His pulse is barely detectable. Hours later, his death is declared at UCLA Ronald Reagan Medical Center, and the news goes around the world. The Michael Jackson case was so famous that no one knows about it. That is the answer that the author gives to why she has been involved in the investigation of what could happen that night. The official version does not suit her. The results of her investigations make up this volume, where she lets us see Jackson's profile and the psychological autopsy she performs under the strange mysteries of his death. In this book, Calleja opens a meticulous investigation in which the reader can solve at the same time the unknowns that remain unanswered ten years after his death. What if the doctor convicted of involuntary homicide was not the culprit of the death of Jackson? What if the homicide was not involuntary? Who is behind his death? Who did it benefit? Was he worth more dead than alive? And fundamentally, who was really Michael Jackson? From the hand of the author, the reader will

know the forensic testimonies the federal police and judicial evidence the economic data and will see the images the graphics and the unpublished documents in her archive Everything at your disposal to give your verdict A case that is still alive a goal and a mystery that continues to move the world Because Michael Jackson is regardless of who it weighs more news than ever

Remember the Time Bill Whitfield, Javon Beard, 2014-06-03 A compellingly candid memoir that details Jackson's life in seclusion by the bodyguards

who were with him in his final days with a new introduction to commemorate the tenth anniversary of Michael Jackson's death. Hounded by the tabloid media driven from his self-made sanctuary Neverland, Michael Jackson spent his final years moving from city to city living with his three children in virtual seclusion, a futile attempt to escape a world that wouldn't leave him alone. During that time, two men served as the singer's personal security team: Bill Whitfield, a former cop and veteran of the security profession, and Javon Beard, a brash, untested rookie, both single fathers themselves. Stationed at his side nearly 24/7, their job was to see and hear everything that transpired and to keep everyone else out, making them the only two men who know what 60 million fans around the world still want to know: What really happened to the King of Pop? Driven by a desire to show the world who Michael Jackson truly was, Whitfield and Beard have produced the only definitive first-person account of Michael Jackson's last years, the extreme measures necessary to protect Jackson and his family, the financial struggles that led their pay to be suspended for weeks at a time, the simple moments of happiness they managed to share in a time of great stress, the special relationship Jackson shared with his fans, and the tragic events that culminated in the singer's ill-fated comeback *This Is It*. The truth is far more captivating than anything you've yet heard. An indispensable piece of pop culture history, *Remember the Time* is the story of a man struggling to live a normal life under extraordinary circumstances of a father fighting to protect and provide for his children. *Remember the Time* is the book that dismantles the tabloid myths once and for all to give Michael Jackson back his humanity. **Forensics** Harry A. Milman PhD, 2020-10-29

Carrie Fisher, also known as Princess Leia from *Star Wars*, had been abusing cocaine and other pharmaceuticals for many years, so when it was announced that she died from sleep apnea, I was skeptical. A more plausible explanation would have been that she died from a drug overdose. A review of the medical examiner's report revealed that the Fisher family refused to give permission for an autopsy and toxicology tests to be done. Constrained by these limitations, the coroner labeled the manner of death undetermined. **FORENSICS: The Science behind the Deaths of Famous People** is an analysis and description of how coroners determine the cause and manner of death. An investigation of twenty-three deaths of famous people was conducted based on a review of publicly available autopsy and toxicology reports as well as published scientific and lay articles. Drug use was implicated in 70 percent of the deaths. Four celebrity deaths were the result of suicide or homicide. Four others were from natural causes. *Unnatural Death* Dr. Michael M. Baden, 1990-03-28

JFK's autopsy failed to disclose crucial evidence. The deaths of John Belushi and Elvis Presley were far more complex than anyone has let on. Decisive medical findings in the von Bulow affair were consistently overlooked. These are but three of the shocking revelations in Dr. Michael Baden's first-person, no-holds-barred account of his distinguished career in forensic pathology. In determining the causes of tens of thousands of deaths, from those of presidents and rock stars to victims of serial killings, exotic sex rituals, mass disasters, child abuse, and drug abuse, Baden has come to the unavoidable conclusion that the search for scientific truth is often sullied by the pressures of expediency. He produces dramatic evidence to demonstrate that political intrigue influences

peddling and professional incompetence have created a national crisis in forensic medicine A fascinating look into the mechanics of forensics and a disconcerting lesson in the politics of death The New York Times Book Review *Was Michael Jackson Framed?* Mary A. their efforts to make money and win ratings the media missed the truth It wasn't until after the not guilty verdict that Jones had the insight and courage to admit her own unintentional role in the frenzy surrounding the shocking testimony high drama and countless celebrities in Michael Jackson's high profile criminal trial Bestselling author and TV host Jones makes amends with what is not only a truthful well documented chronicle of the entire trial but a powerful indictment against the media for conspiring to distort dehumanize and destroy Michael Jackson She argues convincingly that the case against Jackson amounted to nothing more than a media made tax paid scandal and she makes an impassioned call to action for the public at large to think critically question the integrity and demand the truth in the news
