

INTRODUCTION

Assembled in this book are operating and maintenance instructions for the Farmall C. This material has been prepared in detail in the hope that it will prove helpful to you in providing a better understanding of the correct care and efficient operation of your tractor.

If you should need information not given in this manual, or require the services of a trained mechanic, get in touch with the International Harvester dealer in your locality. Dealers are kept informed on the latest methods of servicing tractors. They carry stocks of IH parts, and are backed in every case by the full facilities of a nearby International Harvester District Office.

Throughout this manual the use of the terms LEFT, RIGHT, FRONT, and REAR must be understood to avoid confusion when following instructions. LEFT and RIGHT indicate the left and right sides of the tractor when facing forward in the driver's seat. Reference to FRONT indicates the radiator end of the tractor, and REAR the drawbar.

The illustrations in this manual are numbered to correspond with the pages on which they appear; for example, *Illust. 6 and 6A are on page 6.*

When in need of parts, always specify the tractor and engine serial numbers. The tractor serial number is stamped on a name plate attached to the tool box and seat support on the right side of the

tractor. The serial number is preceded by the letters FC. See *Illust. 2*. The engine serial number is stamped on the right side of the engine crankcase above the battery ignition unit. This serial number is preceded by the letters FCM. See *Illust. 2A*.

For ready reference we suggest that you write these serial numbers in the spaces provided below.
