

How to Get Over Being Dumped

If you're looking for advice on how to get over being dumped right now then I send you my deepest condolences because this is a terrible place to find yourself in. Dealing with the pain after a break up can be downright unbearable, especially if you're the one that got dumped.

I know because I've personally been there myself several times and I wouldn't wish it upon my worst enemy. So I decided to write an article that shares 5 of the most important tips for how to get over being dumped.

PS: studies have shown that woman are far more likely to end a relationship than men so I'm going to start this article off from a guy's perspective. However, I'm also going to include some [break up advice](#) for women later on too so don't worry.

Do you want her back or do you want who she used to be back?

This is a really important question to ask yourself because she will never be the sweet girl that you first met. She will always be the girl that dumped you and broke your heart (and perhaps even did some other things too) Can you accept this? Can you truly live with it long term? Will you be able to trust her again? If she comes home at 3 am will you be worried?

I hate to be cliché but there are plenty of fish in the sea and you can be just as happy with someone else (and they won't come with all this baggage). Of course, all of these same things can also be said about a guy that dumped you or cheated on you.

5 Tips to Help You Deal with Getting Dumped

1. Accept that it's over

Regardless of whether you want to get back together with your ex or move on, the first thing you need to do is accept that the relationship is over. This is hard to do because it often seems like a surprise but I assure you it's not. At least not in your ex. Truth is, they've probably been thinking about breaking up with you for quite some time now, they just may have never mentioned it to you. However, they were probably working it out in private and talking to all their friends about it.
