Fake News on the Internet Alan R. Dennis, Dennis F. Galletta, Jane Webster, 2023-09-26 This book provides a review of current research in fake news and presents six new empirical research studies examining its impact Fake news has garnered immense public attention following the 2016 Brexit referendum three US elections the 2019 Indian lynchings and so on Fake news undermines public life across the globe especially in countries where journalistic practices and institutions are weak Some fake news is created to spread ideological messages or to create mischief whereas other fake news is created for profit Research shows that fake news spreads farther faster and more broadly than true news and has had major societal impacts All signs indicate that it will get worse as political activists scammers alternative news media and hostile governments become more sophisticated in their production and targeting of fake news This book features leading scholars who provide a review of the current research and presents six new empirical research studies examining its impact Some of this research shows how inventions designed to reduce fake news can actually have the opposite effect and instead act to increase the spread of fake news Other research takes a longer term perspective by measuring or inserting emotions into headlines allowing us to examine some of the roots of fake news behaviors for future study This shows how challenging the fake news phenomenon is to solve Fake News on the Internet will be a key resource for academics researchers and advanced students of Media Studies Research Methods Information Systems Communication Studies Management Cultural Studies and Sociology The chapters included in this book were originally published as a special issue of Journal of Management Information Systems

True or False Cindy L. Otis, 2020-07-28 If I could pick one book to hand to every teen and adult on earth this is the one True or False is accessible thorough and searingly honest and we desperately needed it Becky Albertalli author of Simon vs the Homo Sapiens Agenda A former CIA analyst unveils the true history of fake news and gives readers tips on how to avoid falling victim to it in this highly designed informative YA nonfiction title Fake news is a term you've probably heard a lot in the last few years but it's not a new phenomenon From the ancient Egyptians to the French Revolution to Jack the Ripper and the founding fathers fake news has been around as long as human civilization But that doesn't mean that we should just give up on the idea of finding the truth In True or False former CIA analyst Cindy Otis will take readers through the history and impact of misinformation over the centuries sharing stories from the past and insights that readers today can gain from them Then she shares lessons learned in over a decade working for the CIA including actionable tips on how to spot fake news how to make sense of the information we receive each day and perhaps most importantly how to understand and see past our own information biases so that we can think critically about

important issues and put events happening around us into context True or False includes a wealth of photo illustrations informative inserts and sidebars containing interesting facts and trivia sure to engage readers in critical thinking and analysis This title has common core connections **Fake News in America** Anthony R. DiMaggio,2023-08-10 The first comprehensive analysis of what it means to talk about fake news in U S politics and contemporary mass discourse **The Tweets of President Donald J. Trump** Forefront Books,2020-07-28 Love them or hate them the tweets of President Donald J Trump rule the Twittiverse Until our last presidential campaign television particularly campaign ads dominated the political landscape But with the rise of Donald J Trump came a new political tool the internet Trump used this to communicate instantly and very effectively with the American people And it worked Establishing his political positions by tweeting numerous times a day Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States Once in office Trump did not abandon his penchant for using Twitter as his populist platform Instead he doubled down on it making it his primary means of communicating with the American people Knowing how effective a tweet can be Trump once wrote Boom I press it and within two seconds we have breaking news With a massive Twitter following of 78 million by the spring of 2020 Trump s direct impact upon Americans cannot be dismissed nor can the value of his tweets as an essential part of the historical record be denied To put the enormous impact of his tweets into perspective Trump won the White House with 63 million votes a number significantly lower than his massive Twitter following Now you can read the collected tweets from President Donald J Trump from his inauguration through February 2020 in this historically significant collection *The Greatest Man In Our Time* Brian W. Kelly,2023-03-29 Modern pundits give Donald Trump little credit for anything even though he is clearly The Greatest Man in Our Time I would say it is because the bulk of the news media simply do not like him as he does not want to have anything to do with a Marxist agenda Before Trump set the world on fire from 2017 to 2020 the five highest rated presidents according to a C SPAN survey for example were Abraham Lincoln George Washington Franklin D Roosevelt Theodore Roosevelt and Dwight D Eisenhower I do not contest the fact that they showed greatness in office but when you look at all of Trump s accomplishments and the complexity of our times the 45th president deserves much more consideration That s why I wrote this book You may never choose to invite Donald John Trump over the house for breakfast or even a holiday gathering but looking back at his four years in office whether you like him or not most Americans admit those were some of the most prosperous and warless years we have had in our lifetimes We have the chance again to have the Greatest Man in Our Time as President in a few more years Let s do our best to assure it After you read this book I hope you feel as comfortable as I do to place Donald J Trump on the top of this venerable stack of great presidents With all of the flack Trump received as president there are clearly a number of Americans who would not cast their vote for Best President his way under any circumstance But there are a lot who would I am glad you are reading this book as it will help you know what a great man and a great president we can have again as our leader

they still have the right to choose *The Oxford Handbook of Danish Politics* Peter Munk Christiansen, Jørgen Elklit, Peter Nedergaard, 2020-06-26 The Oxford Handbook of Danish Politics provides the most comprehensive and thorough English language book on Danish politics ever written. It features chapters by 50 leading experts who have contributed extensively to the field they write about. Why is Denmark an interesting topic for a Handbook? In some respects, Danish political institutions and political life are very similar to that of other small North European countries such as the other Scandinavian countries and the Netherlands. However, in other respects, Danish politics is interesting in its own right. For instance, Denmark has a world record in minority governments. According to standard scholarly knowledge, this should result in unstable governments and a bad economy. This is not the case, however, since Denmark has a rather stable political system and a strong and robust economy among the strongest in Europe. How? The Danes have continued reservations towards the EU despite close to 50 years of EC/EU membership and the Danes rejected the Maastricht Treaty in 1992. Still, the EU issue is handled in ways that do not call for large political battles. How? A third example is that Denmark used to be known as a tolerant and liberal society: its Jews were almost all saved during German occupation during WWII; Denmark was the first country to free pornography and the first country to formally register same-sex couples. Yet, recent Danish politics has also been associated with xenophobia and anti-Muslim sentiments. Why?

I Am The Winner: A Presidential Autobiography of Donald J. Trump Knox Paulson, 2019-11-08 Donald J. Trump, President of the United States of America, came to power in January 2017 after defeating opponent Hillary Clinton in the 2016 election. His online public diary on Twitter describes his daily thoughts about political happenings, opinions, and plans. He tells of misdeeds by Hillary Clinton and Barack Obama and calls out the Fake News. If you ever wanted to really get to know the president, this is the book to read. Here is the president's story in his own words, gathered from his Twitter account and presented in a single narrative. It provides an intimate portrait of a president hard at work, protecting the country from immigrants, getting the country out of bad treaties, and fighting back against so-called global warming climate scientists.

Populism, Fundamentalism, and Identity Peter Herriot, 2020-04-08 What can populism and fundamentalism possibly have in common? Peter Herriot argues that, contrary to their apparent differences, these human phenomena are similar in two basic respects. First, they are both reactions against the complexities of the modern world in general and its current crisis in particular. They propose instead a return to a mythical golden age supposedly marked by purity and simplicity. Second, they both work in the same way psychologically. Using social identity theory, Herriot shows how both populism and fundamentalism create constant conflict by contrasting a virtuous Us with a stereotypically evil Them. Contemporary case studies illustrate this process at work, and Herriot raises various issues as a basis for discussion and concludes with hope.

Good and Evil in the Garden of Democracy Rodney Wallace Kennedy, 2023-04-13 Democracy faces threats from an emerging right wing movement in democratic governments around the world This may be even more prevalent in the United States because there is an evil that uses rhetorical tropes to undermine the anchor institutions of democracy press courts universities and Congress This evil has a personification former President Donald Trump All the rhetorical critiques of Trump that he is a demagogue an authoritarian a serial liar a populist on steroids fail to take into account the evil that is fomented by his angry and vengeful rhetoric Pictures of evil in Scripture philosophy and rhetoric bear a striking resemblance to Trump It is not enough to say that he is dangerous to democracy Kennedy claims that he is the evil seed in democracy that is even now sprouting new versions of the Trump rhetoric as each acolyte attempts to outrage the next Good and Evil in the Garden of Democracy screams at the evil fights against the evil and then attempts to sing the songs of goodness and democracy from poets prophets and rhapsodes For the health of democracy these words have been written
