Superintendent of Documents,1896 **Office Appliances; The Magazine of Office Equipment** ,1918 **War at Every Door** Noel C. Fisher,2000-11-09 One of the most divided regions of the Confederacy East Tennessee was the site of fierce Unionist resistance to secession Confederate rule and the Southern war effort It was also the scene of unrelenting irregular or guerrilla warfare between Union and Confederate supporters a conflict that permanently altered the region s political economic and social landscape In this study Noel Fisher examines the military and political struggle for control of East Tennessee from the secession crisis through the early years of Reconstruction focusing particularly on the military and political significance of the region s irregular activity Fisher portrays in grim detail the brutality and ruthlessness employed not only by partisan bands but also by Confederate and Union troops under constant threat of guerrilla attack and government officials frustrated by unstinting dissent He demonstrates that generally guerrillas were neither the romantic daring figures of Civil War legend nor mere thieves and murderers but rather were ordinary men and women who fought to live under a government of their choice and to drive out those who did not share their views **Sessional Papers** Canada. Parliament,1915 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement **Lockwood's Directory of the Paper and Allied Trades** ,1916 **The American Stationer and Office Outfitter** ,1918 **Cuba between Empires, 1878-1902** Louis A. Pérez Jr.,1983-06-15 Cuban independence arrived formally on May 20 1902 with the raising of the Cuban flag in Havana a properly orchestrated and orderly inauguration of the new republic But something had gone awry Republican reality fell far short of the separatist ideal In an unusually powerful book that will appeal to the general reader as well as to the specialist Louis A Perez Jr recounts the story of the critical years when Cuba won its independence from Spain only to fall in the American orbit The last quarter of the nineteenth century found Cuba enmeshed in a complicated colonial environment tied to the declining Spanish empire yet economically dependent on the newly ascendant United States Rebellion against Spain had involved two generations of Cubans in major but fruitless wars By careful examination of the social and economic changes occurring in Cuba and of the

political content of the separatist movement the author argues that the successful insurrection of 1895-98 was not simply the last of the New World rebellions against European colonialism. It was the first of a genre that would become increasingly familiar in the twentieth century: a guerrilla war of national liberation aspiring to the transformation of society. The third player in the drama was the United States. For almost a century the United States had pursued the acquisition of Cuba. Stepping in when Spain was defeated, the Americans occupied Cuba ostensibly to prepare it for independence but instead deliberately created institutions that restored the social hierarchy and guaranteed political and economic dependence. It was not the last time the U.S. intervention would thwart the Cuban revolutionary impulse.
