"The" Illustrated London News ,1877      **Revue pédagogique** ,1889      *From Menstruation to the Menopause* Maria Kathryn Tomlinson,2021-05-15 This book examines the representation of the female fertility cycle in contemporary Algerian Mauritian and French women s writing It focuses on menstruation childbirth and the menopause whilst also incorporating experiences such as miscarriage and abortion This study frames its analysis of contemporary women s writing by looking back to the pioneering work of the second wave feminists Second wave feminist texts were the first to break the silence on key aspects of female experience which had thus far been largely overlooked or considered taboo Second wave feminist works have been criticised for applying their universal theories to all women regardless of their ethnicity socio economic status or sexuality This book argues that contemporary women s writing has continued the challenge against normative perceptions of the body that was originally launched by the second wave feminists whilst also taking a more nuanced contextual and intersectional approach to corporeal experience The cross cultural and interdisciplinary approach of this book is informed not only by critics of the second wave feminist movement but also by sociological studies which consider how women s bodily experiences are shaped by socio cultural context      L'Enseignement public; revue pédagogique ,1889
