Japan, France, and East-West Aesthetics Jan Hokenson, 2004 Japan France is the first comprehensive history of the idea of Japan in France as tracked through close readings of canonical French writers and thinkers from the 1860s to the present The focus is literary and intellectual the context cultural The discovery of Japanese woodblock prints in Paris following the opening of Japan to the West in 1854 was a startling aesthetic encounter that played a crucial role in the Impressionists and Post Impressionists invention of Modernism French writers also experimented with Japanese aesthetics in their own work in ways that similarly thread into the foundations of literary Modernism Japonisme the practice of adapting Japanese aesthetics to creative work in the West became a sustained French tradition in texts by such writers as Zola and Proust through Barthes and Bonnefoy Each generation discovered new Japanese arts and genres commented on the work of their predecessors in this vein and broke still more ground in East West aesthetics to innovate in the forms of Western literature and thought To read literary history in this way unsettles Eurocentric assumptions about many of the French writers who are commonly considered the      **Gustav Mahler, Songs and Symphonies of Life and Death** Donald Mitchell, 1986-01-01 The third volume of Mitchell s epic account of the composer and his works concentrates on the vocal music and in particular on some of his most famous original and best loved compositions      **The Book of Jade** Judith Gautier, 1901 A work of decadent verse of the Oblivionist Nihilistic school      **Le livre de jade** Judith Gautier, Koos van der Sluys, 1978      **The Vaiṣeṣika Philosophy According to the Daśapadārtha-śāstra** Hakuju Ui, Oriental Translation Fund, 1832      **Bibliothèque de la Revue de littérature comparée**, 1927      **The Imaginative Interpretation of the Far East in Modern French Literature, 1800-1925** William Leonard Schwartz, 1927      *The Book of Jade* Judith Gautier, 2014-09-13 Judith Gautier 25 August 1845 Paris 26 December 1917 was a French poet and historical novelist the daughter of Th ophile Gautier and Ernesta Grisi sister of the noted singer and ballet dancer Carlotta Grisi She was married to Catulle Mend s but soon separated from him had a brief affair with the composer Richard Wagner during the late summer of 1876 She collaborated

with Pierre Loti the famous novelist in writing a play *La fille du ciel* 1912 English *The Daughter of Heaven* translated and produced under their personal supervision at The New Theatre New York City She was an Oriental scholar and her works dealt mainly with Chinese and Japanese themes She was a member of the Académie Goncourt 1910 1917 Cathay Ezra Pound, 2018-12-04 Finalist Pegasus Award for Poetry Criticism Ezra Pound's *Cathay* 1915 is a masterpiece both of modernism and of world literature The muscular precision of images that mark Pound's translations helped establish a modern style for American literature at the same time creating a thirst for classical Chinese poetry in English Pound's dynamic free verse translations in a modern idiom formed the basis for T S Eliot's famous claim that Pound was the inventor of Chinese poetry for our time Yet Pound achieved this feat without knowing any Chinese relying instead on word for word cribs left by the Orientalist Ernest Fenollosa whose notebooks reveal a remarkable story of sustained cultural exchange This fully annotated critical edition focuses on Pound's astonishing translations without forgetting that the original Chinese poems are masterpieces in their own right On the one hand the presentation of all that went into the final *Cathay* makes it possible for the first time to appreciate the magnitude and the nuances of Pound's poetic art At the same time by bringing the final text together with the Chinese and Old English poems it claims to translate as well as the manuscript traces of Pound's Japanese and American interlocutors the volume also recovers practices of poetic circulation resituating a Modernist classic as a work of world literature The Pound text and its intertexts are presented with care clarity and visual elegance By providing the first accurate and unabridged transcriptions of Fenollosa's notebooks along with carefully edited Chinese texts the volume makes it possible to trace the movements of poetic ideas and poetic expression as they veer toward and away from Pound's creations In supplying the full Fenollosa texts the volume overturns decades of scholarship that has mystified Pound's translation process as a kind of clairvoyance displaying instead the impressive amount of sinological learning preserved in Fenollosa's hard to read notebooks and by detailing every deviation from the probable sense of the originals The edition also supplies exhaustive historical critical and textual notes clarifying points that have sometimes lent obscurity to Pound's poems and making the process of translation visible even for readers with no knowledge of Chinese *Cathay* A Critical Edition includes the original fourteen Chinese translations as well as Pound's unique version of *The Seafarer* which is fully annotated alongside its Anglo Saxon source Also included are Pound's fifteen additional Chinese translations from *Lustra* and other contemporary publications his essay *Chinese Poetry* 1919 a substantial textual Introduction and original essays by Christopher Bush and Haun Saussy on international modernism the mediation of Japan and translation The meticulous treatment and analysis of the texts for this landmark edition will forever change how readers view Pound's Chinese poems In addition to discoveries that permanently alter the scholarly record and force us to revise a number of critical commonplaces the critical apparatus allows readers to make fresh discoveries by making available the specific networks through which poetic expression moved among hands languages and media Ultimately this edition not only enables us more fully to

appreciate a canonical work of Modernism but also resituates the art of Pound's translations by recovering the historical circulations that went into the making of a multiply authored and intrinsically hybrid masterpiece Songs of Li-Tai-Pè, 1922 A History of Western Appreciation of English-translated Tang Poetry Lan Jiang, 2018-03-08 This book examines the development of English translated Tang poetry and its propagation to the Western world. It consists of two parts: the first of which addresses the initial stage of English translated Tang poetry's propagation and the second exploring its further development. By analyzing the historical background and characteristics of these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry. Hence, the traditional Chinese culture represented by Tang poetry spread more widely in the English-speaking world, producing a more lasting impact on societies and cultures outside China and demonstrating the poetry's ability to transcend the boundaries of time, region, nationality, and culture. Due to different cultural backgrounds, the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China. Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process. However, in recent decades, the translation of Tang poetry has evolved considerably in both quantity and quality. As culture is manifested in language and language is part of culture, the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture. French Women Writers Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France, Mme de S. vign, and Mme de Lafayette achieved international reputations during periods when women in other European countries were able to write only letters, translations, religious tracts, and miscellaneous fragments. There were obstacles, but French women writers were more or less sustained and empowered by the French culture. Often unconventional in their personal lives and occupied with careers besides writing as educators, painters, actresses, preachers, salon hostesses, labor organizers, these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world. French Women Writers describes the lives and careers of fifty-two literary figures from the twelfth century to the late twentieth. All the contributors are recognized authorities. Some of their subjects, like Colette and George Sand, are celebrated, and others are just now gaining critical notice. From Christine de Pizan and Marguerite de Navarre to Rachilde and H. l. ne Cixous, from Louise Labé to Marguerite Duras, these women speak through the centuries to issues of gender, sexuality, and language. French Women Writers now becomes widely available in this Bison Book edition. Baudelaire in China Gloria Bien, 2012-12-14 Baudelaire's work entered China in the twentieth century amidst political and social upheavals accompanied

by a literary revolution that called for classical models and modes of expression to be replaced by vernacular language and contemporary content Chinese writers welcomed their meeting with the West and openly embraced Western literature as providing models in developing their new literature Baudelaire's reception in China provides a representative study of this meeting of East and west His work which has been declared to stand between tradition and modernity also lies at the intersection between classical and modern literature in China Many of the best known and most highly regarded writers in twentieth century China were drawn to Baudelaire's work and some addressed it directly in their own writings Bien draws upon H R Jauss's theory of the shifting and expanding horizons of expectation in the reading and interpretation of a literary work and upon James J Y Lin's notion of worlds received and created by both author and reader to show how poetic lines images and ideas as well as Chinese critics comments eventually weave into a rich picture of Baudelaire's reception in China

*Twenty-Nine Goodbyes* Timothy Billings, 2024-12-03 A primer for those with no previous knowledge of Chinese this book introduces readers to the fundamentals of classical Chinese poetry through twenty nine ways of understanding a single poem Seeing Off a Friend by the great Tang poet Li Bai 701-762 has long been praised for its vividness subtlety and poignancy Anthologizing twenty nine translations of the poem Timothy Billings not only introduces the poem's richness and depth but also the nuanced art of translating Chinese poetry into European languages A famous exemplar of seeing off poetry which was common in an empire whose literati were continually on the move Li's poem has continued to fascinate readers far removed from its moment of composition from the Victorians to Ezra Pound to contemporary translators from around the world In talking us through these linguistic crossings Billings unpacks the intricacies of the l shi or regulated verse poem a form as pivotal to Chinese literature as the sonnet is to European tradition This book promises to transform its readers step by step into adept interpreters of one of the most significant verse forms in Chinese literary history Billings's engaging teaching style backed by a lightly worn but deep scholarly engagement with Chinese poetry makes this work an indispensable guide for anyone interested in poetry translation or the cultural heritage of China
