Managerial Accounting Ronald Hilton 9th Edition Solutions:

Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity based costing, target costing, the value chain, customer profitability analysis and throughput costing while also including traditional topics such as job order costing, budgeting and performance evaluation. Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

EBOOK: Cost Management: Strategies for Business Decisions, International Edition Marc Wouters, Frank Selto, Ronald Hilton, Michael Maher, 2012-07-16 This book is an adaptation of the successful US text *Cost Management* by Hilton, Maher and Selto written specifically for an international audience. Major improvements include diverse and truly international examples of organizations. Examples used throughout the book are from all over the world and represent manufacturing, retail, not-for-profit and service firms in many different countries. Completely restructured and rewritten text. The book has been rewritten, restructured and also shortened significantly to align content closer with international courses. Integral use of spreadsheets. Spreadsheet software is used for explaining techniques and making applications more realistic. In-depth research. Summaries of international research studies that address important cost management issues have been updated and more references to recent research findings have been added. Intuitive explanation of accounting. The authors show directly how events impact the balance sheet and profit and loss account. **Subject Guide to Books in Print**, 2001
