and since that I have struggled through all manner of difficulties and disappointments but have been determined all the while to succeed in presenting every household with one of the most useful and complete pieces of mechanism in the world something that would enable the weary housewife to have a few hours of rest and recreation as well as the matrons and young ladies of leisure and fashion to have a never failing fountain of pleasure as well as solid enjoyment And feeling that no lady would object to spend her leisure moments in constructing something beautiful as well as useful if she had a neat handy article to do it on and knowing that articles entirely improvised and completed by some dear friend are more highly prized than the most expensive articles made by others I have kept pushing on until I have brought my machine to that perfection that the public demand before they are willing to spend their own money and recommend their friends to do so Since I commenced some others have attempted by infringing upon my improvements to put something they call Knitters into competition with me but parties will not have to hesitate which to buy for there is no attempt that will do one fourth what mine will do About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
