

Alliteration

Snakes slither and make me shiver.

They squeeze too tight,

have a dangerous bite,

and sleep in winter, day ... and night.

If there's one thing I would NEVER do

it's keep a snake as a pet—would you?

Snakes aren't cosy like a kitty,

curled and furry-purry pretty.

an outstanding teacher Core topics including planning inclusion teaching assessment and professional development are tackled in an accessible and refreshing way using key research informed evidence The focus is relentlessly on learning rather than performance in order to support you becoming an excellent professional teacher rather than a competent technician who makes a difference to learners colleagues schools and policy Think of this book as a temporary or additional mentor challenging you with different ways of thinking about learning and providing strategies to guide your professional learning It takes 10 years or more to begin to be a brain surgeon but sometimes we get 1 3 years at most before we are allowed to work with children s brains as teachers So we need inspirational teachers and this is the focus of this compact powerful and insightful book It is wonderfully designed around five of the most critical dilemmas in our classrooms belief vs ability autonomy vs compliance abstract vs concrete feedback vs praise and collaboration vs competition The power of the book is that it illustrates the new move to focus on learning power and such a focus permits every student to become smarter through effort and deep practice as they struggle with the high challenge learning activities in the presence of inspirational impactful and passionate teachers The perfect book for those who want to make most of their opportunity to enhance students brain power John Hattie Director Melbourne Education Research Institute **Approaches to Teaching the**
