Town,2024-02-23 With hundreds of thousands of current and former military brats in the United States their lives as children of service members are surprisingly little documented Reading about the experiences of fellow brats can help these children of warriors understand both themselves and the unique world in which they were raised Learning of the challenges that these children face will also help the general population consider how to honor and to help those whose lives were shaped by the military without volunteering or being drafted This book explores the military brat experience as reflected in novels intended for adults adolescent fiction autobiographies and biographies and highlights the common elements frequent moves the ever present sense of danger the potential loss of the service member and isolation from the larger civilian world By understanding the lives of brats we can better understand the very real costs beyond the lives of service members themselves that families bear in the name of our collective freedom and security      *Abstracts of Wills on File in the Surrogate's Office* New York (State). Choices Francine Baldwin,2017-08-14 Back Few people take the risk of sharing their truest selves their most suppressed feelings and their most hidden secrets with the world Francine Baldwin is one of those few She travels deep into her past to share both her brokenness and triumph and generously offers herself to encourage others Choices is a necessary work for everyone those who have experienced hardship and those who haven t as it demonstrates the power of what God s love can do and how it can transform your life beyond what you can imagine Christina

McSwain A choice is an act or instance of choosing making a selection In life we don t always have a choice Especially as children we don t have a choice of who our family members are where we live what we eat and sometimes what we wear Oftentimes we have no choice or control over whether or not we get sick lose a family member or even experience a personal tragedy However there comes a time when we are able to make choices Those choices affect not only us but those we love Our choices have the ability to make our lives spin out of control and take us to a place of seemingly no return In her book Choices Francine Baldwin takes us on a journey recounting memorable events in her life She tells us of incidents that marked significant changes in her life many of which she had no choice about or control over These seemingly unrelated events all affected her in some way shaping and making her After experiencing many different things in her life Pastor Baldwin realizes that we all have choices We have the ability to choose right or wrong life or death She shows us that life is found only in God s Word and doing things God s way There is no compromising nor is it dependent upon what someone else does She reminds us that no matter how difficult distasteful or embarrassing it is God s way is always the best way He is true to his Word and He will restore you and everything you thought you lost Francine Baldwin s transparency in telling her story is remarkable She honestly discusses matters that we all deal with marriage death personal tragedy and even our walk with the Lord Her testimony is one of triumph and victory She reminds us that we are more than conquerors through him that loved us I am truly proud to call Francine Baldwin my sister and friend Vivian Penceal
