**TuneCrack - User's Manual (v1.01)** F. Rudin, 2015-10-07 TuneCrack stands for Crack the tuning problem Learn to tune instruments precisely The importance of tuning is often underestimated However tuning is a necessary step for every performance TuneCrack has exercises to improve your listening skill and your pitch transfer skill Your listening skill is trained with the Precision Listening Method Your task is to solve ever more challenging questions until a precision to the cent Your transfer skill is trained with the Pitch Keeper Method First the program introduces you to your personal Absolute Pitch Point With appropriate exercises and feedback you learn how to take over a pitch and keep the sound in your mind for an ever lengthier time period Transferring a pitch and keeping it in your mind is an important step in understanding the musical center of a piece Since humans can only express pitch by singing the program listens to you and gives you feedback based on your singing a colored pitch line shows if you are too low too high or on target The program tracks your progress and lets you see the statistics in graphical form Thus your weak and strong points get visible Eliminate weak points by training Build upon and extend your strong points With your strong points start building an absolute pitch repertoire

*Listening Ear Trainer - User's Manual* F. Rudin, **Listening Ear Trainer - User's Manual (v1.06)** F. Rudin, To train your ear one must learn to distinguish sounds Acquiring Perfect Pitch requires in addition to remember pitches In early childhood we collect the vast part of our relevant sound memory by imitating the sounds with our vocal cords However our brain doesn't stop there At a later age we can still learn a new foreign language Three new methods to acquire Absolute Pitch and Relative Pitch supported by software feedback are presented in this book The first method the Singing Funnel method lets you acquire Absolute Pitch like a foreign language The second method the Octave Anchor Pitch method helps you to orientate yourself in the pitch realm The last method the Interval Overtone method improves your interval hearing
