

Emergency Department Coding Policy

Emergency department (ED) physicians within each clinical specialty, department, or unit will submit accurate (and fully reflecting) codes to the hospital's coding department for subsequent diagnosis submission to the system. The coding department will be responsible to offer each code's description, correct or incorrect status and suggest the right diagnosis(s) using international classification of diseases, injury codes, procedure codes, external cause codes, and procedure codes. Coding is a critical part of the patient's medical record and is a key component of the hospital's financial health.
