Dahlstrom,2015-05-27 By utilizing a

relatively unknown natural law of science we are able to reveal the hidden pattern and divine structure of the Holy Scripture which by definition proves its authenticity This book is a unique defense of the Bible and thus by extension that of Christianity by providing a proof of the veracity of the Word of God in a scientific manner outside the Bible itself which previously has not been accomplished The author will demonstrate that the same true natural law of science the Law of First Digits as described in chapters 2 and 3 when applied to the Holy Scriptures of the Bible proves the presence of Gods unfathomable intelligence in creating and preserving the truthfulness of His Word Moreover this proof extends to the identification of God as the only true God of the universe to the exclusion of all others That is a very powerful and controversial statement but one that can be backed up If one proves the entirety of the Scripture as true then it follows that the God referred to in those same Scriptures is and must be the one true God of the universe *Congressional Record* United States. Barreto,Jacob D. Myers,Thelathia “Nikki” Young,2018-11-15 Through close textual engagement theological exposition ethical reflection and interdisciplinary collaboration this book presents a constructive theology of divine speech in the Acts of the Apostles and 1 Corinthians in critical conversation with contemporary issues of sociopolitical ecclesial and theological importance In particular the authors attend to pericopes in

Acts and Paul that open up fresh ways of thinking about divine discourse preaching and advocacy in light of contemporary matters of theological and ethical import In addition to classical modes of textual and theological analysis the authors attend to the sociopolitical and sociolinguistic aspects of speech as they arise in these pericopes As such the authors are simultaneously deconstructing these texts through postcolonial and post structural analyses to expose these texts to an alterity at work therein an alterity that has been muted by centuries of biblical interpretation     **The Mission of Worship**
