[An Insider's Guide to Islam](#) Yushau Sodiq, 2010-12 Islam the religion of total submission to God is the belief of more than one fifth of all human beings and is the second largest religion in the world Despite its large number of followers little was known about it in America until after the tragic event of September 11 2001 Unfortunately the media portrayed Islam negatively after September 11th and distorted its true nature Hence some people do not want to hear anything about Islam while many others began to ask many questions about it An Insider's Guide to Islam is a practical guide that explains Islam as understood and practiced by Muslims of diverse background To Muslims Islam is a way of life and a religion of peace which brings tranquility and harmony to their lives Islam is a rich culture and a unique tradition which must be understood on its own merits The author brings insight into what Islam means how it is practiced and its relationship with other religions He also analyzes the concept of Jihad the role of women in Islam and the values that Islam cherishes The development of Islam in America and the roles that Muslims play in the United States are also elaborated upon in this volume

Lying Minds: An Insider's Guide to Alcoholism David Horry, 2020 Lying Minds An Insider's Guide to Alcoholism Alcoholics are not damaged faulty or broken and we aren't bad or weak people we are deceived deceived by our own minds Most people that drink heavily in their youth will mature out of it and those that drink to relieve some distress will moderate their drinking if that distress is removed but we do not Our minds do not spontaneously curb excessive drinking they do the

opposite they encourage it Alcohol changes the way that we think lowers our mood and distorts our memory Our minds compel us to drink more and we become progressively more anxious depressed fearful alone and hopeless all of which are relieved by drinking Drinking seems to us that it brings relief from our problems whereas in fact it amplifies them so we drink more This is how our minds trap us into a self reinforcing pursuit of alcohol and that does not happen to most other people We are not broken or faulty but we are different All people are different in some way Some are tall some are short but we also all have unseen differences within us Some are bolder than others some more timid some artistic and some more analytical But we have differences that make us susceptible to addiction and once that susceptibility is engaged then it forms into an ever strengthening force that propels us towards our own destruction This book explains how our minds become deceived by alcohol and how it changes our motivation emotions memory and thinking If you want to understand the why s of alcoholism why we have to have that first drink why we can t stop at one why we drink more often than we intend why we keep drinking even though bad things happen and why we can t drink like normal people then this book will tell you It explains why we can never safely drink again and the deeper truth that we never could in the first place [An Insider's Guide to Cloud Computing](#) David Linthicum,2023-03-10 Many cloud computing initiatives flat out fail others limp along functioning tolerably without ever delivering what they promised An Insider s Guide to Cloud Computing reveals why and shows how to do better Cloud pioneer and long time CTO David Linthicum explodes the industry s secrets and presents practical ways to optimize cloud for value and performance Linthicum takes a hard look at aggressively marketed technologies such as cloud based AI containers no code serverless computing and multicloud He illuminates what works what absolutely does not work and how to manage the difficult cost complexity tradeoffs presented by many offerings You ll learn why some workloads and datasets still don t belong on the cloud and even discover game changer technology that has actually been undersold Linthicum s seen it all the tricks providers play to make their numbers at customers expense realities whispered about in conference rooms and spilled over drinks at conferences facts and techniques you simply must know to deliver value optimized solutions An Insider s Guide to Cloud Computing is for every technical and business decision maker responsible for evaluating planning implementing operating or optimizing cloud systems It offers exceptional value to professionals ranging from solution architects to cloud engineers CTOs to enterprise consultants or those just getting started on their cloud computing journey What cloud providers don t tell you about their storage and compute services Cloud based artificial intelligence and machine learning What are you actually paying for Containers Kubernetes and cloud native development truth versus hype Multicloud Which approaches actually save you money Real world cloud security beyond silos black boxes and out of control complexity Cloud computing carbon footprints and sustainability reality versus fiction The crucial role of talent how to identify find and keep the skills you need How cloud computing is changing and how to prepare for what s coming
