Male-to-Female Crossdressing in Early Modern English Literature Simone Chess, 2016-04-14 This volume examines and theorizes the oft ignored phenomenon of male to female MTF crossdressing in early modern drama prose and poetry inviting MTF crossdressing episodes to take a fuller place alongside instances of female to male crossdressing and boy actors crossdressing which have long held the spotlight in early modern gender studies The author argues that MTF crossdressing episodes are especially rich sources for socially oriented readings of queer gender that crossdressers genders are constructed and represented in relation to romantic partners communities and broader social structures like marriage economy and sexuality Further she argues that these relational representations show that the crossdresser and his/her allies often benefit financially socially and erotically from his/her queer gender presentation a corrective to the dominant idea that queer gender has always been associated with shame containment and correction By attending to these relational and beneficial representations of MTF crossdressers in early modern literature the volume helps to make a larger space for queer gender queer male bodied and queer feminine representations in our conversations about early modern gender and sexuality

The Goddess as Role

Model Heidi R.M. Pauwels,2008-10-09 This book seeks to understand the major mythological role models that mark the moral landscape navigated by young Hindu women Traditionally the goddess Sita faithful consort of the god Rama is regarded as the most important positive role model for women The case of Radha who is mostly portrayed as a clandestine lover of the god Krishna seems to challenge some of the norms the example of Sita has set That these role models are just as relevant today as they have been in the past is witnessed by the popularity of the televised versions of their stories and the many allusions to them in popular culture Taking the case of Sita as main point of reference but comparing throughout with Radha Pauwels studies the messages sent to Hindu women at different points in time She compares how these role models are portrayed in the most authoritative versions of the story She traces the ancient Sanskrit sources the medieval vernacular retellings of the stories and the contemporary TV versions as well This comparative analysis identifies some surprising conclusions about the messages sent to Indian women today which belie the expectations one might have of the portrayals in the latest more liberal versions The newer messages turn out to be more conservative in many subtle ways Significantly it does not remain limited to the religious domain By analyzing several popular recent and classical hit movies that use Sita and Radha tropes Pauwels shows how these moral messages spill into the domain of popular culture for commercial consumption
