Palmer, Manfred Krug**

English Verb Classes And Alternations A Preliminary Investigation:

English Verb Classes and Alternations Beth Levin, 1993-09 In this rich reference work Beth Levin classifies over 3 000 English verbs according to shared meaning and behavior Levin starts with the hypothesis that a verb's meaning influences its syntactic behavior and develops it into a powerful tool for studying the English verb lexicon She shows how identifying verbs with similar syntactic behavior provides an effective means of distinguishing semantically coherent verb classes and isolates these classes by examining verb behavior with respect to a wide range of syntactic alternations that reflect verb meaning The first part of the book sets out alternate ways in which verbs can express their arguments The second presents classes of verbs that share a kernel of meaning and explores in detail the behavior of each class drawing on the alternations in the first part Levin's discussion of each class and alternation includes lists of relevant verbs illustrative examples comments on noteworthy properties and bibliographic references The result is an original systematic picture of the organization of the verb inventory Easy to use English Verb Classes and Alternations sets the stage for further explorations of the interface between lexical semantics and syntax It will prove indispensable for theoretical and computational linguists psycholinguists cognitive scientists lexicographers and teachers of English as a second language

English Verb Classes and Alternations Beth Levin, 1991

A Semantic Approach to English Grammar R. M. W. Dixon, 2005-06-30 This book shows how grammar helps people communicate and looks at the ways grammar and meaning interrelate The author starts from the notion that a speaker codes a meaning into grammatical forms which the listener is then able to recover each word he shows has its own meaning and each bit of grammar its own function their combinations creating and limiting the possibilities for different words He uncovers a rationale for the varying grammatical properties of different words and in the process explains many

facts about English such as why we can say I wish to go I wish that he would go and I want to go but not I want that he would go The first part of the book reviews the main points of English syntax and discusses English verbs in terms of their semantic types including those of Motion Giving Speaking Liking and Trying In the second part Professor Dixon looks at eight grammatical topics including complement clauses transitivity and causatives passives and the promotion of a non subject to subject as in Dictionaries sell well This is the updated and revised edition of A New Approach to English Grammar on Semantic Principles It includes new chapters on tense and aspect nominalizations and possession and adverbs and negation and contains a new discussion of comparative forms of adjectives It also explains recent changes in English grammar including how they have replaced the tabooed he as a pronoun referring to either gender as in When a student reads this book they will learn a lot about English grammar in a most enjoyable manner

The Handbook of Portuguese Linguistics W. Leo Wetzels, Sergio Menuzzi, João Costa, 2020-01-09 The Handbook of Portuguese Linguistics presents a comprehensive overview of research within the Brazilian and European variants of the Portuguese language It includes chapters focusing on the key areas of linguistic study including phonetics phonology morphology syntax semantics pragmatics linguistic change language variation and contact and acquisition Essential reference work for scholars of Portuguese linguistics and Romance languages Chapters written by an international team of research specialists highlight both the consensus and the controversies within the various subfields of Portuguese linguistics Examines Portuguese linguistics in relation to syntax phonology morphology semantics pragmatics acquisition and sociolinguistics Written in an accessible overview style and designed for advanced students and current scholars in the field alike Essential reference work for scholars of Portuguese linguistics and Romance languages

Meaning Through Language Contrast Katarzyna Jaszczolt, Ken Turner, 2003 These volumes contain selected papers from the Second International Conference on Contrastive Semantics and Pragmatics that was held at Newnham College University of Cambridge in September 2000 They include papers on negation temporality modality evidentiality eventualities grammar and conceptualization grammaticalization metaphor cross cultural pragmatics and speech acts and the semantics pragmatics boundary There are contributions by amongst many others Les Bruce Ilinca Crainiceanu Thorstein Fretheim Saeko Fukushima Ronald Geluykens Javier Gutierrez Rexach Klaus von Heusinger K M Jaszczolt Susumu Kubo Akiko Kurosawa Eva Lavric Didier Maillat Marta Maleczki Steve Nicolle Sergei Tatevosov L M Tovená Jacqueline Visconti and Krista Vogelberg

Aspects of Old English Poetic Syntax Mary Eva Blockley, 2001 Distinguished by a remarkable combination of erudition and lucidity Aspects of Old English Poetic Syntax provides new insight into the rules that govern syntactic relationships and indicates how these rules differ for prose and verse Blockley considers the functions of four of the most common and most syntactically important words in Old English as well as such features of clauses as verb initial order negative contraction and unexpressed but understood subjects Picking up where Bruce Mitchell's classic Old English Syntax left off Blockley shows how such common words and structures mark the relationships between

phrases and clauses **Corpus Linguistics 25 Years on**, 2015-07-14 This volume offers a state of the art picture of work undertaken in the field of computer aided corpus linguistics While the focus is on English central insights can be generalised to other languages as well As a work intended to mark the Silver Jubilee of ICAME the International Computer Archive of Modern and Medieval English the book combines surveys of the discipline by some of its major pioneers including founders of ICAME itself with cutting edge work by younger scholars It is divided into three sections Overviewing years of corpus linguistic studies Descriptive studies in English syntax and semantics and Second Language Acquisition parallel corpora and specialist corpora The book bears witness to the impressive advances that have characterised the development of corpus linguistics over the past few decades from terminological issues to practical applications from theoretical and descriptive research to applied approaches from monolingual to multilingual and specialist corpora from corpus design to corpus exploitation tools *Modality in Contemporary English* Roberta Facchinetti, Frank Palmer, Manfred Krug, 2012-02-13 This book offers original theoretical accounts and a wealth of descriptive information concerning modality in present day English At the same time it provides fresh impetus to more general linguistic issues such as grammaticalization colloquialization or the interplay between sociolinguistic and syntactic constraints The articles fall into four sections a the semantics and pragmatics of core modal verbs b the status of emerging modal items c stylistic variation and change d sociolinguistic variation and syntactic models The book is of considerable value to students and teachers of English and Linguistics at undergraduate and graduate level worldwide **Varieties of English** Peter Siemund, 2013-05-09 English is a highly diversified language that appears in a multitude of different varieties across the globe These varieties may differ extensively in their structural properties This coursebook is an introduction to the fascinating range of regional and social varieties encountered around the world Comparing grammatical phenomena the book analyses the varieties in depth identifying patterns and limits of variation and providing clear explanations Using comparisons with other languages the book identifies universal as well as language specific aspects of variation in English This book is specially designed to meet the needs of students each chapter contains useful exercises targeted at three different ability levels and succinct summaries and practical lists of key words help students to review and identify important facts Studies in the Composition and Decomposition of Event Predicates Boban Arsenijević, Berit Gehrke, Rafael Marín, 2013-02-26 This detailed perceptive addition to the linguistics literature analyzes the semantic components of event predicates exploring their fine grained elements as well as their agency in linguistic processing The papers go beyond pure semantics to consider their varying influences of event predicates on argument structure aspect scalarity and event structure The volume shows how advances in the linguistic theory of event predicates which have spawned Davidsonian and neo Davidsonian notions of event arguments in addition to event structure frameworks and mereological models for the eventuality domain have sidelined research on specific sets of entailments that support a typology of event predicates Addressing this imbalance in the literature the work

also presents evidence indicating a more complex role for scalar structures than currently assumed It will enrich the work of semanticists psycholinguists and syntacticians with a compositional approach to verb phrase structure **English**

Resultatives Seizi Iwata,2020-03-15 The objective of this book is to develop a force recipient account of English resultatives Within this approach the post verbal NP is a recipient of a verbal force whether it is a subcategorized object or not and the verbal force being exerted onto the post verbal NP is responsible for bringing about the change as specified by the result phrase It is shown that many apparent puzzles posed by English resultatives are due to the complex interplay between the verb meaning and the constructional meaning or between the verb meaning and the semantics of the result phrase Thus the proposed account can provide answers to the question Which resultatives are possible and which are not in a coherent way Also the proposed account reveals that English resultatives are not a monolithic phenomenon and that some resultatives cited in the literature as such are not resultatives at all This book is of interest not only to practitioners of Construction Grammar but also to everyone interested in English resultatives The Old English Case System Kirsten

Middeke,2021-11-01 The Old English Case System Case and Argument Structure Constructions by Kirsten Middeke is a Construction Grammar account of Old English argument structure that integrates modern cognitive corpus linguistics and traditional philological work This is the first major study on Old English morphosyntax from a constructional perspective based on findings from various strands of theoretical linguistics including generative approaches constructionist accounts quantitative linguistics and many more It argues for a new take on historical comparative syntax a field which has been dormant for quite a while but might see a new boost through the ideas presented here Cognitive Linguistics and

Non-Indo-European Languages Eugene H. Casad,Gary B. Palmer,2008-08-22 This book applies the theory of cognitive linguistics to the analysis of a variety of grammatical phenomena in non Indo European languages In previous studies of languages from non Indo European families cognitive linguistics has been remarkably useful in explaining non prototypical structures as well as more common ones The book expands that effort into a new set of families and languages **Light**

verbs Anna Riccio,Jens Fleischhauer,2025-04-21 Light verbs are semantically reduced verbs that simultaneously exhibit a heavy verb usage The papers collected in this volume examine light verbs from different perspectives in various languages including several Romance and Germanic languages such as Italian Spanish Catalan German and English as well as Mandarin Chinese and Japanese The questions addressed in this volume include What meaning does a light verb contribute to a light verb construction What restrictions regarding nominal elements do light verbs exhibit What influence do light verbs have on the argument structure of light verb constructions The analyses draw on different frameworks including Generative Syntax and Construction Grammar and combine corpus linguistic investigations with theoretical modeling Dimensions of the Word Grzegorz Drożdż,2014-06-12 This volume inscribes itself in the long standing debate on the status of the word Considering its multi faceted nature the authors formulate multiple questions about it and though no answer to these

questions might be exhaustive each of them brings the reader closer to a more complete understanding of the issue The eleven authors included here address the nature of the word from a number of perspectives such as the duality of the word the status of the word as a meaningful unit the meaning extension the lexico grammar continuum and the pragmatic functioning of the word to name but a few Each of the chapters is a fresh contribution that broadens the perspective traditionally adopted in a discussion of the word and at the same time constitutes a sound overview of the issues and approaches taken in such an analysis at the turn of the second to the third millennium The volume is a prime example of the efficiency of research within which multiple linguistic perspectives focus on a single problem all the perspectives contribute to a more thorough comprehension of the problem than any single of them is ever able to afford **Demoting the Agent**
 Benjamin Lyngfelt,Torggrim Solstad,2006-12-06 Passives middles and other voice phenomena are issues at the core of modern linguistic research This volume brings together different perspectives on voice different theoretical viewpoints different languages and different kinds of voice phenomena The eleven articles each make a valuable contribution to the ongoing discussion offering new data new analyses and bringing new light to long standing issues In combination they present a multi faceted and yet coherent picture of the topics at hand *Competition in Language Change* Eva Zehentner,2019-06-17 This book addresses one of the most pervasive questions in historical linguistics why variation becomes stable rather than being eliminated by revisiting the so far neglected history of the English dative alternation The alternation between a nominal and a prepositional ditransitive pattern John gave Mary a book vs John gave a book to Mary emerged in Middle English and is closely connected to broader changes at that time Accordingly the main quantitative investigation focuses on ditransitive patterns in the Penn Helsinki Parsed Corpus of Middle English in addition the book employs an Evolutionary Game Theory model The results are approached from an evolutionary construction grammar perspective combining evolutionary thinking with diachronic constructionist notions and the alternation s emergence is interpreted as a story of constructional innovation competition cooperation and co evolution The book not only provides a thorough and detailed analysis of the history of one of the most discussed syntactic phenomena in English but by fusing two frameworks and employing two different methodologies also presents a highly innovative approach to a problem of relevance to historical linguistics in general **Word Grammar**
 Kensei Sugayama,Richard A. Hudson,2005-12-15 This book is an introduction to Word Grammar a theory of language structure founded and developed by Dick Hudson In this theory language is a cognitive network a network of concepts words and meanings containing all the elements of a linguistic analysis The theory of language is therefore embedded in a theory of knowledge in which there are no boundaries between one form of knowledge and any other The most controversial idea in Word Grammar syntax is that phrase structure is redundant because all its work can be done by means of dependencies between individual words Word word dependency is therefore a key concept in Word Grammar and the syntax and semantics of a sentence is built upon this foundation Contributors to this volume are primarily Word Grammar grammarians from

across the world All the chapters here manifest theoretical potentialities of Word Grammar exploring how powerful Word Grammar is to offer analysis for linguistic phenomena in various languages The chapters come from varying perspectives and include work on a number of languages including English German Japanese Swahili Turkish and Ancient Greek Phenomena studied include verbal inflection case agreement extraction construction and code mixing This collection will be of interest to academics encountering Word Grammar for the first time or for those who are already familiar with this theory and are interested in reading how it has evolved and what its future may hold **Is English Changing?** Steve

Kleinedler, 2018-02-07 Is English changing To what degree is it changing Is this change good or bad In answering these questions Is English Changing provides a lively and concise introduction to language change refuting commonly held misconceptions about language evolution as we understand it Showing that English like all living languages has historically changed and continues to change this book analyzes developments in the lexicon the way words are spoken or written and the way in which speakers and writers use words offers a basic overview of the major subfields of linguistics including phonetics morphology syntax semantics pragmatics and sociolinguistics all viewed through the prism of language change discusses change over time with examples from Old English Middle English and Modern English reinforces important concepts with examples from other languages including Spanish Japanese and Czech clearly defines key terms and includes advice on rules usage and style as well as ample annotated further reading and activities throughout Aimed at undergraduate students with little or no prior knowledge of linguistics this book is essential reading for those studying this topic for the first time

English Verb Classes And Alternations A Preliminary Investigation Introduction

In today's digital age, the availability of English Verb Classes And Alternations A Preliminary Investigation books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of English Verb Classes And Alternations A Preliminary Investigation books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of English Verb Classes And Alternations A Preliminary Investigation books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing English Verb Classes And Alternations A Preliminary Investigation versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, English Verb Classes And Alternations A Preliminary Investigation books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing English Verb Classes And Alternations A Preliminary Investigation books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for English Verb Classes And Alternations A Preliminary Investigation books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries

often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, English Verb Classes And Alternations A Preliminary Investigation books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of English Verb Classes And Alternations A Preliminary Investigation books and manuals for download and embark on your journey of knowledge?

FAQs About English Verb Classes And Alternations A Preliminary Investigation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. English Verb Classes And Alternations A Preliminary Investigation is one of the best book in our library for free trial. We provide copy of English Verb Classes And Alternations A Preliminary Investigation in digital format, so the resources that you find are reliable. There are also many Ebooks of related with English Verb Classes And Alternations A Preliminary Investigation. Where to download English Verb Classes And Alternations A Preliminary Investigation online for free? Are you looking for English Verb Classes And Alternations A Preliminary Investigation PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is

always to check another English Verb Classes And Alternations A Preliminary Investigation. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of English Verb Classes And Alternations A Preliminary Investigation are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with English Verb Classes And Alternations A Preliminary Investigation. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with English Verb Classes And Alternations A Preliminary Investigation To get started finding English Verb Classes And Alternations A Preliminary Investigation, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with English Verb Classes And Alternations A Preliminary Investigation So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading English Verb Classes And Alternations A Preliminary Investigation. Maybe you have knowledge that, people have search numerous times for their favorite readings like this English Verb Classes And Alternations A Preliminary Investigation, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. English Verb Classes And Alternations A Preliminary Investigation is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, English Verb Classes And Alternations A Preliminary Investigation is universally compatible with any devices to read.
