 Martin Stark,2011-10-27 This book is concerned with bilingual thematic dictionaries BTDs The three chief aims of the  
 research project are 1 to identify the characteristic features of the bilingual thematic dictionary 2 to gauge its usefulness and  
 3 to make suggestions as to how it could be improved Various approaches are adopted in order to reveal the nature of the  
 BTD The typological approach considers the lexicographic genres bilingual thematic and pedagogical which have been  
 combined to create this hybrid reference work Particular attention is paid to the BTD s immediate forerunner and closest  
 lexicographic relative the monolingual thematic learner s dictionary Detailed textual analyses of contemporary thematic  
 dictionaries identify the characteristic features of the macrostructure microstructure and other components from a structural  
 perspective In order to evaluate the usefulness of the BTD features identified the textual analyses are supplemented by three  
 pieces of user research involving a questionnaire to elicit learners opinions a test on the effectiveness of the access structure  
 and an experiment to discover how a learner uses a BTD     Know and Grow with Derek 3 ,     Know And Grow With Derek
