Royal Robbins and Warren Harding were two wildly different men who loved the challenge posed by big walls of granite  
some that had never been climbed They paired up to attempt an epic climb on Half Dome When they didn't make it to the top  
they went their separate ways and soon became fierce rivals racking up first ascents around Yosemite Valley This  
suspenseful true story offers a fast paced adventure with a dash of sports history and environmental awareness told by Kate  
Messner one of today's foremost writers of nonfiction for young people and climber illustrator Stevie Lewis whose love of the  
sport is on dazzling display Readers will join the journey as the climbers chase their personal passion for thrilling exploits

vivid and propulsive memoir about finding courage and meaning in a life outdoors by a world class whitewater rafting guide  
After Bridget Crocker's parents volatile divorce she moved with her mother from Southern California to Wyoming Her life  
was idyllic growing up in a trailer park on the banks of the Snake River with a stepfather she loved a new baby brother and  
the river as her companion until her mother suddenly took up a radical new lifestyle becoming someone Bridget barely  
recognized The one constant in her life the place Bridget felt whole and fully herself was the river When she discovered the  
world of whitewater rafting she knew she'd found her calling On the river Bridget learned to read the natural world around  
her and came to know the language of rivers One of the few female guides on the Snake River she then traveled to the  
Zambezi River in Africa some of the most dangerous whitewater in the world where she faced death and learned to conquer  
her fears both on the water and off The river taught her how to overcome years of betrayals and abuse to trust herself and  
finally how to help heal her family from generational cycles of trauma and poverty A beautifully rendered memoir of a woman

reflects on the powerful attraction of home Every spring millions of geese embark on an arduous three thousand mile  
homeward journey from their winter quarters in the southern United States to their breeding grounds in the Canadian Arctic
