Memo For English Paper 2 September 2014:

Responses to the 'Arabellions' Tanja Börzel, Assem Dandashly, Thomas Risse, 2017-10-02 This book studies the reactions by external actors including the European Union to the events unfolding in the Arab world beginning in December 2010. In particular, contributors look at external actors' attempts to balance their desire for stability with their normative principles toward human rights and democracy. The book compares the action and inaction of the EU with other international and regional players including the United States, Russia, Turkey, and Israel, and assesses the response of these actors to the Arabellions events, analysing changes in their approaches to the Arab region. The contributions to this book answer three questions: 1. How have external actors assessed the Arabellions and what role did they see for themselves in this context? 2. Which goals and instruments did external actors pursue toward the MENA region? In particular, how did they deal with conflicting goals such as support for human rights and democracy on the one hand and concerns about security and stability on the other? 3. How can we explain the varying responses of external actors to the Arabellions? This book was published as a special issue of the Journal of European Integration. MSF and THE ROHINGYA 1992-2014 Laurence BINET, 2020-11-01

Decoding the Rise of China Tse-Kang Leng, Rumi Aoyama, 2018-05-17 This edited collection provides a synthetic analysis of the rise of contemporary China and its impact on the current global system from a range of Asian and Western perspectives. Highlighting Taiwanese and Japanese viewpoints, the book considers a macro-integrated vision of the rise of China and examines the vital cultural factors which link domestic politics and foreign policy in the Sino-Japanese relationship. The book addresses key policy matters such as the internationalization of the Chinese currency and Arctic diplomacy and provides a key reference on contemporary Chinese foreign policy and the Sino-Japanese relationship for students, academics, experts, and policy makers in the field of Area Studies, History, and International Relations.

Composing Research, Communicating Results Kurt Lindemann, 2025-09-17 Offers practical guidance on writing communication research papers in an evolving academic landscape. Writing remains central to student assessment and professional development, yet many students enter communication classes without the skills needed to craft effective scholarly work. *Composing Research, Communicating Results: Writing the Communication Research Paper* is a comprehensive practice-based guide to academic writing in communication and related social sciences. Walking students through every stage of the writing process from brainstorming and outlining to constructing sentences and presenting their final papers, Kurt Lindemann demystifies writing through clear explanations, practical exercises, and real student examples. With the rapid emergence of AI writing tools, students need more than tips; they need ethical frameworks and critical strategies for integrating these technologies into their work. This edition addresses these needs head-on, providing real-world advice on maintaining academic integrity when using AI in the writing process. Expanded content also includes a new chapter on incorporating feedback into revisions and enhanced discussions on inclusive language, citation practices, and diversity in source selection. Applying writing principles

The European Neighbourhood Policy - Values and Principles Sara Poli, 2016-03-31 The European Neighbourhood Policy is a key part of the foreign policy of the European Union EU through which the EU works with its southern and eastern neighbours with a view to furthering its interests and achieving the closest possible degree of political association and economic integration The policy is underpinned by a set of values and principles that the EU seeks to promote The European Neighbourhood Policy Values and Principles carries out a legal analysis of the values and principles that form the basis for the European Neighbourhood Policy respect for human dignity freedom democracy equality the rule of law and respect for human rights including the rights of minorities plus the principles of conditionality differentiation and coherence This collection explores the instruments that the EU has deployed under the European Neighbourhood Policy to spread its values and to achieve its interests It assesses to what extent the EU has been and is consistent in upholding its values in its relations with neighbouring countries and examines how these values have been received by these countries The book looks in particular at the nature of EU Russia relations seeking to identify areas of common interest as well as those of actual and potential disagreement

America, China, and the Struggle for World Order G. John Ikenberry, Zhu Feng, Wang Jisi, 2015-07-22 This book brings together twelve scholars six Americans and six Chinese to explore the ways America and China think about international order The book shows how each country's traditions historical experiences and ideologies influence current global dialogues

China's Bilateral Relations with Its Principal Oil Suppliers George G. Eberling, 2017-10-23 This book examines China's bilateral relations with its established suppliers of crude petroleum and on occasion petroleum gas products including liquefied natural gas LNG based on a five dimensional framework political diplomatic relations economic trade relations military security relations cultural relations and petroleum energy relations A five dimensional approach is comprehensive in nature and offers a complete understanding of China's complex relationships rather than looking solely on more typical perspectives like bilateral trade security relationships or energy ties More often than not social science literature focuses on one or more aspects of China's bilateral relations which does not provide a complete picture of the complex nature of its interstate ties This book endeavors to bridge this gap and look more substantially at China's bilateral relationships with energy petroleum relations being the key aspect linking each one of them The specific bilateral relationships examined are China's relations with Angola Brazil Republic of the Congo Iran Iraq Kazakhstan Kuwait Oman Russia Saudi Arabia South Sudan Sudan United Arab Emirates and Venezuela These countries matter because their crude petroleum and petroleum gas product exports account for over 50 percent of China's annual oil consumption

Feminist Praxis against U.S. Militarism Wonhee Anne Joh, Nami Kim, 2019-12-04 Feminist Praxis against U S Militarism provides critical feminist and womanist analyses of U S militarism that challenge the ongoing U S neoliberal military industrial complex and its multivalent violence that destroys people's lives especially women and other vulnerable

populations It highlights the intentional critique of U S militarism from feminist womanist perspectives that seek to show the ways in which gender race ethnicity sexuality and violence intersect to threaten women s lives especially women of color s lives and the broader environment upon which women s lives are dependent Most of all this volume challenges the readers to understand the U S as the warfare counterterror carceral state and its devastating effects on the everyday lives of women especially women of color locally nationally and globally This volume also helps readers understand the racialized gendered impacts of U S militarism in conjunction with the ongoing global economies of dispossession and militarized violence across the borders of nation states Interrogating U S military interventions in other countries can show how the U S War on Terror directly affects U S domestic affairs and daily lives in the United States

Crude Oil, Crude Money Thomas W. Lippman,2019-05-03 The untold story of how Exxon Mobil Chevron and Texaco teamed up with the CIA and Department of State to thwart the plans of Greek shipping magnate Aristotle Onassis who almost managed to reshape the Middle East In 1954 Aristotle Onassis long before he married Jacqueline Kennedy made a bold business gamble he tried to corner the crude oil shipping market by signing a deal with the King of Saudi Arabia If it had worked it would have reshaped the history of the Middle East As it was the proposed deal terrified British and U S oil companies and the Dulles brothers who saw it as the first move in the nationalization of Saudi oil Complicating things was the burgeoning Arab nationalist movement led by Egypt s newly elected president Gamal Nasser And of course there were the Soviets now without Stalin eager to build influence in the region This little known story about the collision of nationalism money celebrity and oil sheds new light on the tangled history of the Middle East Drawing on the author s immense knowledge of the Middle East and original research incorporating unexplored declassified documents the book is an eye opener for students of U S foreign policy anyone interested in the global oil business and scholars and historians of the role of the U S in the Arab world

Chinese Foreign Relations Robert G. Sutter,2016-01-14 This comprehensive introduction to Chinese foreign relations assesses the accomplishments and limits China faces as it exerts increasing international influence This balanced and thorough

assessment shows China's leaders exerting more influence in world affairs but remaining far from dominant even in key areas along China's border

Degrade and Destroy Michael R. Gordon, 2025-08-22 This is the ultimate insider's view of perhaps the darkest chapter of the Forever Wars Michael Gordon knows everyone was seemingly everywhere and brings a lifetime of brilliant reporting to telling this crucial story Retired U S Navy admiral James Stavridis 16th Supreme Allied Commander of NATO and author of *To Risk it All Nine Crises and the Crucible of Decision* An essential account of the struggle against ISIS and of how Presidents Obama Trump and Biden have waged war In the summer of 2014 President Barack Obama faced an unwelcome surprise insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate which they were ruling with an iron fist and using to launch terrorist attacks abroad After considerable deliberation President Obama sent American troops back to Iraq The new mission was to degrade and ultimately destroy ISIS primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery More than four years later the caliphate had been dismantled the cities of Mosul and Raqqa lay in ruins and several thousand U S troops remained to prevent ISIS from making a comeback The by with and through strategy was hailed as a template for future campaigns But how was the war actually fought What were the key decisions successes and failures And what was learned In *Degrade and Destroy* the bestselling author and Wall Street Journal national security correspondent Michael R Gordon reveals the strategy debates diplomatic gambits and military operations that shaped the struggle against the Islamic State With extraordinary access to top U S officials and military commanders and to the forces on the battlefield Gordon offers a riveting narrative that ferrets out some of the war's most guarded secrets *Degrade and Destroy* takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won It also offers the most detailed account to date of how President Donald Trump waged war delegating greater authority to the Pentagon but jeopardizing the outcome with a rush for the exit Drawing on his reporting in Iraq and Syria Gordon documents the closed door deliberations of U S generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II As Americans debate the future of using force abroad Gordon's book offers vital insights into how our wars today are fought against militant foes and the enduring lessons we can draw from them

The Australia-Japan Defence and Security Relationship 1945-2021 Peter McDermott, 2022-05-05 McDermott examines the origins development and prospects for the Australia and Japan Defence and Security Relationship In 1945 Japan and Australia were foes today they are partners in security defence and military matters each the other's most important strategic ally after the United States As the region faces threats from an increasingly assertive China there is a growing prospect of conflict particularly in Northeast Asia McDermott discusses how Japan and Australia may cooperate in military action Using previously classified government documents and interviews with those involved in the decisions as well as his own experiences McDermott examines how political imperatives have shaped the

security side of the A JDSR He offers new insights into the history and future of the relationship An essential read for students and scholars of Asia Pacific and Indo Pacific security *Modern Sufis and the State* Katherine Pratt Ewing, Rosemary R. Corbett, 2020-08-25 Sufism is typically thought of as the mystical side of Islam In recent years it has been held up as a supposedly peaceful alternative to the spread of forms of Islam associated with violence an embodiment of democratic ideals of tolerance and pluralism Are Sufis in fact as otherworldly and apolitical as this stereotype suggests *Modern Sufis and the State* brings together a range of scholars including anthropologists historians and religious studies specialists to challenge common assumptions that are made about Sufism today Focusing on India and Pakistan within a broader global context this book provides locally grounded accounts of how Sufis in South Asia have engaged in politics from the colonial period to the present Contributors foreground the effects and unintended consequences of efforts to link Sufism with the spread of democracy and consider what roles scholars and governments have played in the making of twenty first century Sufism They critique the belief that Salafism and Sufism are antithetical offering nuanced analyses of the diversity multivalence and local embeddedness of Sufi political engagements and self representations in Pakistan and India Essays question the portrayal of Sufi shrines as sites of toleration peace and harmony exploring cases of tension and conflict A wide ranging interdisciplinary collection *Modern Sufis and the State* is a timely call to think critically about the role of public discourse in shaping perceptions of Sufism **Yearbook of International Organizations 2014-2015 (Volume 4)** Union Of International Associations, Union of International Associations, 2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations [China and the EU in Context](#) Kerry Brown, 2014-03-30 Brings together the research of world class commentators on China from across Europe to explore the policy aspects of the China EU relationship Aimed at practitioners this book shows how to relate to China practically and understand its complexities for business purposes including investment social unrest and China's five year program **The Art of Peace** Juliana Geran Pilon, 2017-07-05 Sun Tzu author of *The Art of War* believed that the acme of leadership consists in figuring out how to subdue the enemy with the least amount of fighting a fact that America's Founders also understood and practiced with astonishing success For it to work however a people must possess both the ability and the willingness to use all available

instruments of power in peace as much as in war US foreign policy has increasingly neglected the instruments of civilian power and become overly dependent on lethal solutions to conflict The steep rise in unconventional conflict has increased the need for diplomatic and other non hard power tools of statecraft The United States can no longer afford to sit on the proverbial three legged national security stool military diplomacy development where one leg is a lot longer than either of the other two almost forgetting altogether the fourth leg information especially strategic communication and public diplomacy The United States isn t so much becoming militarized as DE civilianized According to Sun Tzu self knowledge is as important as knowledge of one s enemy if you know neither yourself nor the enemy you will succumb in every battle Alarminglly the United States is deficient on both counts And though we can stand to lose a few battles the stakes of losing the war itself in this age of nuclear proliferation are too high to contemplate
