## **Memo For The 2014 Tourism Pat:**

**Transnational Korean Cinema** Dal Yong Jin, 2020 In Transnational Korean Cinema author Dal Yong Jin explores the interactions of local and global politics economics and culture to contextualize the development of Korean cinema and its current place in an era of neoliberal globalization and convergent digital technologies The book emphasizes the economic and industrial aspects of the story looking at questions on the interaction of politics and economics including censorship and public funding and provides a better view of the big picture by laying bare the relationship between film industries the global market and government Jin also sheds light on the operations and globalization strategies of Korean film industries alongside changing cultural policies in tandem with Hollywood's continuing influences in order to comprehend the power relations within cultural politics nationally and globally This is the first book to offer a full overview of the nascent development of Korean cinema Innovation and Creativity in Tourism, Business and Social Sciences Vicky Katsoni, Carlos

Costa, 2025-06-03 This book is the first volume of the proceedings of the 11th International Conference of the International Association of Cultural and Digital Tourism IACuDiT Focusing on Innovation and Creativity in Tourism Business and Social Sciences the conference was held from September 3 to 5 2024 in Naxos Greece The book showcases the latest research on tourism business technology and the social sciences and presents a critical academic discourse on ICT adoption in the social sciences regional development sustainability and tourism experience smart and sustainable practices innovations in museum interpretation and collections management emerging and disruptive technologies gaming gamification and augmented reality and other topical aspects in business and the social sciences The book discusses these digital transformation processes from various standpoints including its effect on the social sciences combined with specific forms of tourism The impact of digitalization encourages the emergence of new digital products and services based on the principle of flexibility The book focuses on the knowledge economy and the smart destinations concepts and highlights new modes of tourism management and development while further chapters address emerging technologies such as the Internet of Things AI big data and robotics in a range of tourism practices **Women of the Wall** Yuval Jobani, Nahshon Perez, 2017-06-01 In October of 2014

12 year old Sasha Lutt read from a tiny Torah scroll as a part of her bat mitzvah in the Women's section of the plaza at the Western Wall Judaism's holiest prayer site Surrounded by members of the multi denominational organization the Women of the Wall one of whom had smuggled the scroll into the plaza Sasha became the first woman to read from the Torah at the site For more than twenty five years the Women of the Wall have been waging a campaign to gain the Israeli government's permission to pray at the Western Wall Despite widespread media coverage this is the first comprehensive study of their struggle Yuval Jobani and Nahshon Perez offer an in depth analysis of the Women of the Wall's attempts to modify Jewish orthodox mainstream religious practice from within and invest it with a new egalitarian content They present a comprehensive survey of the numerous legal rulings about the case and consider the broader political and social significance

of the Women of the Wall's activism In this way Jobani and Perez are able to address broader issues of religion state relations How should governments manage religious plurality within their borders How should governments respond to the requests of minorities that conflict with ostensibly mainstream interpretations of a given tradition How should governments manage disputed sacred sites and spaces located in the public sphere Women of the Wall Navigating Religion in Sacred Sites offers a critical new look at theories of religion state relations and a fresh examination of religious conflicts over sacred sites and public spaces

**Sustainable Asia: Supporting The Transition To Sustainable Consumption And Production In Asian Developing Countries** Patrick Schroeder, Kartika Anggraeni, Silvia Sartori, Uwe Weber, 2016-12-12 In the emerging narrative of sustainable development in Asia the essential challenge is to reduce the use of natural resources and environmental degradation alongside the increasing demand for goods and services To achieve this Sustainable Consumption and Production SCP one of the Sustainable Development Goals SDGs adopted by the United Nations in 2015 aims at reconciling the three goals of minimising the extraction of natural resources from the environment limiting waste and emissions over the life cycle of goods and services and improving human development and wellbeing Sustainable Asia Supporting the Transition to Sustainable Consumption and Production in Asian Developing Countries provides an overview and analysis of the current status of SCP in Asian developing countries The book focuses on projects supported by the EU funded SWITCH Asia Programme a regional development cooperation programme promoting the adoption of SCP practices among small and medium sized enterprises SMEs and consumer groups in Asia since 2007 For readers looking for a comprehensive introduction to the topic of SCP together with a detailed analysis of the current developmental situation in various Asian developing countries and key sectors such as manufacturing tourism renewable energy and agriculture this book is an invaluable tool The book examines in detail the SCP approaches and innovative solutions demonstrated by the SWITCH Asia supported projects in Asia and thus serves as a reference for practitioners researchers and policymakers alike

myriad cultural engagements with Alpine space as this interdisciplinary volume attests Literature photography and philosophy continue to engage with the Alps as a place in which humans pursue their cognitive and aesthetic limits At the same time individuals engage physically with the alpine environment whether as visitors through the well established leisure industry as enthusiasts of extreme sports or as residents who feel the acute end of social and environmental change Taking a transnational view of Alpine space the volume demonstrates that the Alps are not geographically peripheral to the nation state but are a vibrant locus of modern cultural production As The Draw of the Alps attests the Alps are nothing less than a crucible in which understandings of what it means to be human have been forged

### **Revolutionary Cuba**

Luis Martínez-Fernández, 2014-09-16 This is the first book in more than three decades to offer a complete and chronological history of revolutionary Cuba including the years of rebellion that led to the revolution Beginning with Batista's coup in 1952 which catalyzed the rebels and bringing the reader to the present day transformations initiated by Raúl Castro Luis Martínez Fernández provides a balanced interpretive synthesis of the major topics of contemporary Cuban history Expertly weaving the myriad historic social and political forces that shaped the island nation during this period Martínez Fernández examines the circumstances that allowed the revolution to consolidate in the early 1960s the Soviet influence throughout the latter part of the Cold War and the struggle to survive the catastrophic Special Period of the 1990s after the collapse of the U S S R He tackles the island's chronic dependence on sugar production which started with the plantations centuries ago and continues to shape culture and society He analyzes the revolutionary pendulum that continues to swing between idealism and pragmatism focusing on its effects on the everyday lives of the Cuban people and bucking established trends in Cuban scholarship Martínez Fernández systematically integrates the Cuban diaspora into the larger discourse of the revolution Concise well written and accessible this book is an indispensable survey of the history and themes of the socialist revolution that forever changed Cuba and the world

### **Offshore Energy Law**

Ignacio Herrera Anchustegui, Madeline Taylor, Eduardo G Pereira, Eddy Wifa, 2025-05-29 This book examines the regulatory environmental financial socio legal and safety aspects that shape offshore energy infrastructure projects and their operation The marine environment holds vast resources to provide energy solutions for humankind The sustainable development of such offshore energy resources is one of the most pressing challenges posed by the energy transition Whereas offshore hydrocarbons have been explored and extracted for more than a century the offshore renewable industry is rapidly expanding with lawmakers increasingly looking to the oceans for significant energy development Offshore spaces now amalgamate mature and emerging energy industries creating a pressing need to identify synergies and regulatory challenges However and despite the pivotal role offshore energy is to play in the future the interaction synergies and conflicts arising between these regulatory socio legal environmental and financial dimensions of offshore energy are often not discussed within the energy law scholarship This book aims to fill this evident gap in existing energy law research to distil critical legal lessons from traditional offshore energy sectors to encourage best

practice regulation of offshore energy net zero industries Offshore Energy Law provides a functional analysis that covers the life cycle of offshore energy developments including renewable and hydrocarbons within the broader context of the energy crisis and energy transition debates Written and edited by leading global offshore energy experts the book brings together a global and sectoral comparative perspective to central offshore energy topics such as licensing socio legal challenges and opportunities safety and ecological governance and the use of marine maritime spatial planning The Gateway to the Pacific Meredith Oda,2019-01-03 In the decades following World War II municipal leaders and ordinary citizens embraced San Francisco s identity as the Gateway to the Pacific using it to reimagine and rebuild the city The city became a cosmopolitan center on account of its newfound celebration of its Japanese and other Asian American residents its economy linked with Asia and its favorable location for transpacific partnerships The most conspicuous testament to San Francisco s postwar transpacific connections is the Japanese Cultural and Trade Center in the city s redeveloped Japanese American enclave Focusing on the development of the Center Meredith Oda shows how this multilayered story was embedded within a larger story of the changing institutions and ideas that were shaping the city During these formative decades Oda argues San Francisco s relations with and ideas about Japan were being forged within the intimate local sites of civic and community life This shift took many forms including changes in city leadership new municipal institutions and especially transformations in the built environment Newly friendly relations between Japan and the United States also meant that Japanese Americans found fresh if highly constrained job and community prospects just as the city s African Americans struggled against rising barriers San Francisco s story is an inherently local one but it also a broader story of a city collectively if not cooperatively reimagining its place in a global economy **Creating Wilderness** Patrick Kupper,2014-07-01 The history of the Swiss National Park from its creation in the years before the Great War to the present is told for the first time in this book Unlike Yellowstone Park which embodied close cooperation between state supported conservation and public recreation the Swiss park put in place an extraordinarily strong conservation program derived from a close alliance between the state and scientific research This deliberate reinterpretation of the American idea of the national park was innovative and radical but its consequences were not limited to Switzerland The Swiss park became the prime example of a scientific national park thereby influencing the course of national parks worldwide **Pacific Power?** Joanne Wallis,2017-07-17 Australia is much larger and has significantly more military and economic power than its Pacific Island neighbours As a result it is frequently described as having a natural right to lead in the region Yet Australia has found it difficult to effectively influence Pacific Island states in pursuit of its strategic interests It provides the definitive account of how and how effectively Australia has sought to influence Pacific Island states in pursuit of its strategic interests since 1975 the year that Papua New Guinea Australia s former colonial territory gained independence Informed by interviews with key decision makers Pacific Power analyses why Australia has had difficulty exercising influence in the Pacific Islands and identifies how Australia can more

effectively influence Pacific Island states in pursuit of its strategic interests and how Australia can present itself more as a Pacific partner than power

**A New Chapter in US-Cuba Relations** Eric Hershberg, William M. LeoGrande, 2016-05-18

This book explores the diverse consequences of Presidents Obama and Castro brokering a rapprochement between the United States and Cuba after more than half a century of estrangement Economic political social and cultural dynamics are analyzed in accessible fashion by leading experts from Cuba the United States Europe and Latin America What opportunities arise through the opening of diplomatic relations and what issues may be obstacles to normalization What are the implications for the Cuban economy for its political system and for ties with members of the Cuban diaspora What are the implications for US relations elsewhere in Latin America This up to date account addresses these and other questions about this new direction in US Cuban relations
