Memo Of English P:

Making English Official Katherine S. Flowers,2024-01-18 An inside look at the movement to make English the only official language in local communities around the US **English Railways** Edward Carnegie Cleveland-Stevens,1915

Disarmament Army Library (U.S.),1960 *An American Dictionary of the English Language* Noah Webster,1877

English and Empire Digest ,1929 *Studies in English Trade in the 15th Century* Eileen Power,M.M. Postan,2013-11-05

Of all the activities of the most neglected century in English History England's trade has received the least attention in proportion to its importance It was obviously in the course of the later Middle Ages and more particularly in the fifteenth century that there took place the great transformation from medieval England isolated and intensely local to the England of the Tudor and Stuart age with its world wide connections and imperial designs It was during the same period that most of the forms of international trade characteristic of the Middle Ages were replaced by new methods of commercial organization and regulation national in scope and at times definitely nationalistic in object and that a marked movement towards capitalist methods and principles took place in the sphere of domestic trade Yet little has been written concerning English trade in this period First published in 1933 this classic volume goes a long way to fill this gap superbly There is an abundance of material and the writers have compiled a statistical analysis of the Enrolled Customs Account from 1377-1482 which provides an essential measure of the nature volume and movement of English foreign commerce during the period Teach Business

English Sylvie Donna,2000-07-27 This book provides a practical introduction to Business English for new and experienced teachers and deals with a range of issues from needs analysis and course planning to testing and evaluation **The Digest of English Case Law Containing the Reported Decisions of the Superior Courts** John Mews,1898 The Rise and Fall of the Rehabilitative Ideal, 1895-1970

Victor Bailey,2019-04-09 Spanning almost a century of penal policy and practice in England and Wales this book is a study of the long arc of the rehabilitative ideal beginning in 1895 the year of the Gladstone Committee on Prisons and ending in 1970 when the policy of treating and training criminals was very much on the defensive Drawing on a plethora of source material such as the official papers of mandarins ministers and magistrates measures of public opinion prisoner memoirs publications of penal reform groups and prison officers the reports of Royal Commissions and Departmental Committees political opinion in both Houses of Parliament and the research of the first cadre of criminologists this book comprehensively examines a number of aspects of the British penal system including judicial sentencing law making and the administration of legal penalties In doing so Victor Bailey expertly weaves a complex and nuanced picture of punishment in twentieth century England and Wales one that incorporates the enduring influence of the death penalty and will force historians to revise their interpretation of twentieth century social and penal policy This detailed and ground breaking account of the rise and fall of the rehabilitative ideal will be essential reading for scholars and students of the history of crime and justice and historical criminology as well as those interested in social and legal history The
