Streaming and Copyright Law Lasantha Ariyaratna, 2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable

for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content's infringing nature. Moreover, the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking. End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement. Despite the intricacies between copyright and access to digital content, the recently implemented website blocking laws have emboldened copyright owners while suppressing end users' access to digital content. This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions. Federal Register, 2013-03

Casualty Care for Fire and Rescue Kris Lethbridge, Simon Todd, Richard Pilbery, 2018-08-01. Casualty care and first aid is an integral part of the fire and rescue services role, and firefighters have always worked closely with pre-hospital medical providers in their aim to save lives. As the fire services are now increasingly involved in the delivery of medical care through co-responding schemes, casualty care and first aid training has become crucial for firefighters to provide initial assessment and care of patients when responding to a variety of medical emergencies. This textbook, written by an experienced team of firefighters and paramedics, is an essential guide to life-saving care and has been specifically written for firefighters already employed or undertaking training within a fire and rescue service. *Casualty Care for Fire and Rescue* combines a skills-based practical approach with clinical knowledge and covers a range of urgent care that firefighters deliver and respond to, including trauma, injuries, burns, road traffic collisions, and cardiac arrest. The book is up to date with the latest policy and research and addresses legal issues and clinical governance. A multi-disciplinary approach is taken throughout and is explored in detail in a chapter on working with healthcare professionals. Chapters are also illustrated with photographs and anatomical diagrams to support understanding. Contents include: Working with Other Health Professionals, Communication, Clinical Governance, Legal and Ethical Issues, Safeguarding Adults and Children, Health and Safety Manual Handling, Drug Administration, Scene Assessment, Patient Assessment, Airway Breathing Circulation, Disability, Exposure, Environment, Medical Emergencies, Trauma Emergencies, Cardiac Arrest, Children and Infants, Mental Health, Older People, and Frailty.

Department of Homeland Security Appropriations for 2014 United States. Congress. House. Committee on Appropriations. Subcommittee on Homeland Security, 2013. *Emergency Medical Services* Jane H. Brice, Theodore R. Delbridge, J. Brent Myers, 2021-08-12. The two-volume *Emergency Medical Services Clinical Practice and Systems Oversight* delivers a thorough foundation upon which to succeed as an EMS medical director and prepare for the NAEMSP National EMS Medical Directors Course and Practicum. Focusing on EMS in the real world, the book offers specific management tools that will be useful in the reader's own local EMS system and provides contextual understanding of how EMS functions within the broader emergency care system at a state, local, and national level. The two volumes offer the core knowledge trainees will

need to successfully complete their training and begin their career as EMS physicians regardless of the EMS systems in use in their areas A companion website rounds out the book s offerings with audio and video clips of EMS best practice in action Readers will also benefit from the inclusion of A thorough introduction to the history of EMS An exploration of EMS airway management including procedures and challenges as well as how to manage ventilation oxygenation and breathing in patients including cases of respiratory distress Practical discussions of medical problems including the challenges posed by the undifferentiated patient altered mental status cardiac arrest and dysrhythmias seizures stroke and allergic reactions An examination of EMS systems structure and leadership Emergency Medical Services, 2 Volumes Jane H. Brice, Theodore R. Delbridge, J. Cox, Robert G. Stevenson, 2017-01-06 The Handbook of Traumatic Loss adopts a broad holistic approach that recognizes traumatic loss much more fully as a multidimensional human phenomenon not simply a medical condition Initial chapters build a foundation for understanding traumatic loss and explore the many ways we respond to trauma Later chapters counterbalance the individualistic focus of dominant approaches to traumatic loss by highlighting a number of thought provoking social dimensions of traumatic loss Each chapter emphasizes different aspects of traumatic loss and argues for ways in which clinicians can help deal with its many and varied impacts Mad Music Stephen Budiansky, 2014-04-01 Mad Music is the story of Charles Edward Ives 1874 1954 the innovative American composer who achieved international recognition but only after he d stopped making music While many of his best works received little attention in his lifetime Ives is now appreciated as perhaps the most important American composer of the twentieth century and father of the diverse lines of Aaron Copland and John Cage Ives was also a famously wealthy crank who made millions in the insurance business and tried hard to establish a reputation as a crusty New Englander To Stephen Budiansky Ives s life story is a personification of America

emerging as a world power confident and successful yet unsure of the role of art and culture in a modernizing nation Though Ives steadfastly remained an outsider in many ways his life and times inform us of subjects beyond music including the mystic movement progressive anticapitalism and the initial hesitancy of turn of the century America modernist intellectuals Deeply researched and elegantly written this accessible biography tells a uniquely American story of a hidden genius disparaged as a dilettante who would shape the history of music in a profound way Making use of newly published letters and previously undiscovered archival sources bearing on the longstanding mystery of Ives s health and creative decline this absorbing volume provides a definitive look at the life and times of a true American original

House of Commons - European Scrutiny Committee: Reforming the European Scrutiny Process in the House of Commons: Volume II - HC 109-II Great Britain: Parliament: House of Commons: European Scrutiny Committee,2013-11-28 The depth and pace of EU integration has demonstrated the need for effective democratic parliamentary scrutiny and accountability of Government at Westminster This is the first major inquiry into the European scrutiny system in the House of Commons for eight years There is more that the Committee could do to look at the impact of new proposals There should be a new requirement to appoint Reporters to take the lead within Committees on EU issues as well as a more coordinated approach to the Commission Work Programme Whilst the system need not be scrapped as some have said it must be enhanced Many problems arise from the fact that new Members are appointed for each document The Committee argues forcefully for a return to the permanent membership system new powers and a change of name to reflect the Committees core purpose EU Document Debate

Committees The Committee also examined how EU business is taken on the floor of the House and the procedures which apply to it They set out a series of recommendations about the way debates are scheduled and conducted and put the case for a new session of EU Questions They also review working practices and the visibility of the House s scrutiny of the EU in the media It concluded that now is the time to propose the introduction of a form of national veto over EU legislative proposals and then to explore the mechanics of disapplication of parts of existing EU obligations notwithstanding the European Communities Act 1972
