

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Power Without Constraint Chris Edelson,2016-05-11 As a presidential candidate Barack Obama criticized the George W Bush administration for its unrestrained actions in matters of national security In secret Justice Department memos President Bush s officials had claimed for the executive branch total authority to use military force in response to threats of terrorism They set aside laws made by Congress even criminal laws prohibiting torture and warrantless surveillance Candidate Obama promised to restore the rule of law and make a clean break with the Bush approach President Obama has not done so Why In a thorough comparison of the Bush and Obama administrations national security policies Chris Edelson demonstrates that President Obama and his officials have used softer rhetoric and toned down legal arguments but in key areas military action surveillance and state secrets they have simply found new ways to assert power without meaningful constitutional or statutory constraints Edelson contends that this legacy of the two immediately post 9 11 presidencies raises crucial questions for future presidents Congress the courts and American citizens Where is the political will to restore a balance of powers among branches of government and adherence to the rule of law What are the limits of authority regarding presidential national security power Have national security concerns created a permanent shift to unconstrained presidential power *List of Works Relating to Criminology* New York Public Library,1911 *Criminology & Penology Abstracts* ,1991 *Comparative Criminology* Hermann Mannheim,2013-08-21 This is Volume II of fifteen in a series on the Sociology of Law and Criminology Originally published in 1965 this textbook is part two of two meant for students and deals more fully than usual with such fundamental matters as the very concepts of crime and criminology and especially with the highly complex relationship between crime the criminal law and certain burning moral issues of our time It also includes several chapters on the methods of research used in criminological and penological investigations **NLADA Washington**
