The French Riviera Adventure Guide Ferne Arfin, 2011-04-15 Starting just east of la Ciotat the great sweep of Mediterranean coast all the way to the Italian border is referred to as the Cote d'Azur or the Riviera It is a large area with dozens of beaches and despite the coast's reputation for toney glamor alternating with brash vulgarity it's a great location for watersports boating parascending climbing hiking and gliding The Western Cote d'Azur is a deeply indented coast characterized by many small towns miles of sandy beaches and three great mountainous headlands called massifs The Massif des Maures Massif de l'Esterel and Massif de Tanneron foreshadow the march of the Alps to the sea farther east along the Riviera They offer stunning long distance views and provide miles of good walking For years French vacationers kept the region their secret staying in their holiday homes or with friends and family As a result the massifs remain largely undiscovered territory for foreign visitors who usually race around and between them on motorways heading for the coast If you stop to enjoy this region you'll find it has its own personality and surprises Among the attractions here are St Tropez and St Raphael Like a lot of people I got my first glimpse of the Riviera watching classic movies on television Cary Grant and Grace Kelly trading barbs on a balcony overlooking a yacht filled harbor in *To Catch a Thief* one of any number of James Bonds or Simon Templars stepping out of the Casino at Monte Carlo Pink Panther movies car chases on the Grande Corniche David Niven in *Casino Royale* They all created an indelible impression of a gorgeous glamorous and expensive jetsetters paradise The term jetsetter is a little dusty these days but substitute Eurotrash and the idea is the same celebrities minor royals and fashionistas mingling with arms dealers deposed dictators media tycoons and shipping magnates while gossip columnists write about their lifestyles of apparently endless leisure This is not an entirely imaginary picture There's no denying that the Riviera is a playground for the rich and famous Behind the walls and towering hedges of Cap Ferrat and other such places most of what all the money in the world will buy can probably be found But don't be put off if you're traveling on a modest budget It is the glamor of the landscape and all the outdoor activities to which it lends itself that was probably what attracted the beautiful people in the first place And that is within reach of everyone Breathtaking drives along Les Corniches de la Riviera and coastal walks that range from gentle strolls to challenging climbs are laced between the distinctive towns and villages Antibes Nice Menton Beaulieu sur Mer Villefranche scattered almost artfully along the coast In the skies paragliders float down like flower petals from a handful of exceptional launch sites Starting around Antibes

and heading east the back country rises and the Alps crowd down to the water Along the way the villages perched become ever more dramatic Eze at 427 m 1 400 feet tops a narrow dome of rock La Turbie at 500 m 1 640 feet is where the Emperor Augustus planted the Trophee des Alpes a 165 foot monument to the power of Rome that still lords over the coast and looks down on Monte Carlo the medieval village of Sainte Agnes just inland of Menton at 800 m 2 600 feet claiming to be the highest coastal village in Europe This is an excerpt equivalent to about 200 print pages from the 420 page Adventure Guide to Provence the Cote d Azur Both books are highly detailed exploring the culture the sights and activities the places to stay and the best restaurants Dozens of photographs are included plus 15 detailed maps Insight Guides: Provence & the French Riviera Insight Guides,2014-05-01 With its fabulous artistic heritage glorious light glitzy resorts and mouth watering food it s little wonder that the Provence French Riviera region is the second most visited in France after Paris And Marseille the rejuvenated 2013 European Capital of Culture can now claim to be one of the Mediterranean s most vibrant cities Be inspired by the new extended edition of Insight Guide Provence and the French Riviera a detailed full colour guide to this glamorous region Insight Guides unrivalled coverage of history and culture provides an essential introduction to what makes the south of France unique including its wealth of artistic treasures and enchanting Provençal cuisine Consult the Best of Provence and French Riviera selection for an at a glance guide to the region s most evocative attractions such as the awe inspiring Pont du Gard and myriad of bountiful markets and the editor s choice of recommendations for the best art galleries and perched villages and much more Descriptive accounts of where to go in the Provence and Riviera region from glamorous Cannes and Monaco to the desolate beauty of the Camargue are enhanced by beautiful photographs while all major sights are cross referenced with full colour maps The travel tips section provides a wealth of information on how to plan your trip plus our selection of the best hotels French Riviera Green Guide Michelin Travel Publications,Michelin Travel Publications Staff,1992-08 An Introduction to the French Poets Geoffrey Brereton,2022-07-10 The French poetry of some five centuries is here surveyed in a series of studies of the work and personality of individual poets from Villon to the present day Each chapter is primarily concerned with establishing the literary identity of the poet or poets with whom it deals the work of each is outlined and related to the historical and biographical circumstances in which it was written and its characteristics are then examined critically in terms relevant to the modern reader Comparisons are made between different poets and more general topics such as the concepts of classic and baroque are discussed This book first published in 1956 had become a standard introductory work for students of French poetry and general readers alike For this revised edition originally published in 1973 new chapters have been added on irregular seventeenth century poets and on various modern poets whose work now enables the Surrealist movement to be seen in clearer perspective The bibliography has been revised extensively **French Riviera Green Guide** ,1997 Discusses the sights attractions and activities of the French Riviera Walking the Alpine Parks of France & Northwest Italy Marcia Lieberman,1994 Suggests hikes in five French and one
