## **Guide To The Otherworld:**

**Daimonic Reality** Patrick Harpur, 1995-10 Daimonic Reality is a sweeping look at strange otherworldly events in the world around us UFOs fairies phantom animals visions of the Virgin Mary alien abductions and mysterious lights in the sky But rather than simply listing the events Patrick Harpur shows how they can all be tied together using his concept of Daimonic Reality Starting with a look at the events themselves Harpur shows how they are connected by using ideas proposed by Carl Jung and the Romantic poets William Butler Yeats and William Blake Harpur connects the old fashioned fairies to the modern occupants of UFOs He highlights the similarities in sightings of the older Black Dogs more recent mysterious cats and Yetis Yowies and Bigfoot Lights in the sky have existed throughout history once they were seen as witches now they are UFOs The ephemeral materializations of Spiritualism s seances have been replaced by tangible crop circles And all of them are manifestations of Daimonic Reality

**Otherworld Journeys** Carol Zaleski, 1988-11-03 Dozens of books articles television shows and films relating near death experiences have appeared in the past decade People who have survived a close brush with death reveal their extraordinary visions and ecstatic feelings at the moment they died describing journeys through a tunnel to a realm of light visual reviews of their past deeds encounters with a benevolent spirit and permanent transformation after returning to life Carol Zaleski s Otherworld Journeys offers the most comprehensive treatment to date of the evidence surrounding near death experiences The first to place researchers findings first person accounts and possible medical or psychological explanations in historical perspective she discusses how these materials reflect the influence of contemporary culture She demonstrates that modern near death reports belong to a vast family of otherworld journey tales with examples in nearly every religious heritage She identifies universal as well as culturally specific features by comparing near death narratives in two distinct periods of Western society medieval Christendom and twentieth century secular America This comparison reveals profound similarities such as the life review and the transforming after effects of the vision as well as striking contrasts such as the absence of hell or punishment scenes from modern accounts Mediating between the debunkers and the near death researchers Zaleski considers current efforts to explain near death experience scientifically She concludes by emphasizing the importance of the otherworld vision for understanding imaginative and religious experience in general
