

Guide to Writing a Basic Essay

Use this Sample Basic Essay as a Model

The essay below demonstrates the principles of writing a basic essay. The different parts of the essay have been labelled. The thesis statement is in bold, the topic sentences are in italics, and each main point is underlined. When you write your own essay, of course, you will not need to mark these parts of the essay unless your teacher has asked you to do so. They are marked here just so that you can more easily identify them.

"A dog is man's best friend." That common saying may contain some truth, but dogs are not the only animal friend whose companionship people enjoy. For many people, a cat is their best friend. Despite what dog lovers may believe, cats make excellent housepets as they are good companions, they are civilized members of the household, and they are easy to care for.

In the first place, people enjoy the companionship of cats. Many cats are affectionate. They will curl up next to us or be petted or scratched under the chin. Some cats even purr when we stroke them. Cats also like to sit on our laps and sleep with us. They are very clean animals and they do not make much noise. In fact, many people who live in apartments prefer cats to dogs because cats are so quiet.
