

Unit 2: Networks of Exchange Exam Study Guide

C. 1200 - c. 1450

Topic 2.1 Silk Roads

Learning Objective

Explain the causes and effects of growth of networks of exchange after 1200.

Historical Developments

Improved commercial practices led to an increased volume of trade and expanded the geographical range of existing trade routes—including the **Silk Roads**—promoting the growth of powerful new trading cities.

Trading cities:

- Kashgar
- Samarkand

The growth of interregional trade in **luxury goods** was encouraged by innovations in previously existing transportation and commercial technologies, including the **caravanserai**, forms of **credit**, and the development of **money economies**.

New forms of credit and money economies:

- Bills of exchange
- Banking houses
- Use of paper money

Demand for luxury goods increased in AfroEurasia. Chinese, Persian, and Indian artisans and merchants expanded their production of textiles and **porcelain** for export; manufacture of iron and steel expanded in China.

1. Explain the various factors that led to the growth of the Silk Road trade networks in the 1200 - 1450 time period:

The spread of Islam, increased demand for specialized products, knowledge of the environment there, and advances in marine technology

2. What luxury goods were often traded along the Silk Roads?

Porcelain, gold, and ivory

3. What transportation technologies facilitated trade along the Silk Roads?

yokes, saddles, and stirrups

4. What commercial technology facilitated trade along the Silk Roads?

magnetic compass, gunpowder and paper

Topic 2.2 The Mongol Empire and the Making of the Modern World

Learning Objective

Explain the process of state building and decline in Eurasia over time.

Historical Developments

Empires collapsed in different regions of the world and in some areas were replaced by new imperial states, including the **Mongol Khanates**.

5. Explain how the Mongol Khanates developed:

Following the death of Möngke Khan, the 4 Khanates developed due to a lack of a declared successor. Many of his kin declared themselves the Great Khan and none were widely accepted, so they split into 4 khanates. The lack of a strong unifying leader caused the Mongols to lose some of their power as they were no longer the great force
