Proceedings ,1996 *Peterson's Stress Concentration Factors* Walter D. Pilkey,Deborah F. Pilkey,2017-11-06 Peterson s Stress Concentration Factors establishes and maintains a system of data classification for all of the applications of stress and strain analysis and expedites their synthesis into CAD applications Substantially revised and completely updated this book presents stress concentration factors both graphically and with formulas It also employs computer generated art in its portrayal of the various relationships between the stress factors affecting machines or structures These charts provide a visual representation of the machine or structure under consideration as well as graphs of the various stress concentration factors at work They can be easily accessed via an illustrated table of contents that permits identification based on the geometry and loading of the location of a factor For the new third edition new material will be added covering finite element analyses of stress concentrations as well as effective computational design The book explains how to optimize shape to circumvent stress concentration problems and how to achieve a well balanced design of structures and machines that will result in reduced costs lighter products and improved performance **AMST'05 Advanced Manufacturing Systems and Technology** Elso Kuljanic,2007-03-23 Manufacturing a product is not difficult the difficulty consists in manufacturing a product of high quality at a low cost and rapidly Drastic technological advances are changing global markets very rapidly In such conditions the ability to compete successfully must be based on innovative ideas and new products which has to be of

high quality yet low in price One way to achieve these objectives would be through massive investments in research of computer based technology and by applying the approaches presented in this book The First International Conference on Advanced Manufacturing Systems and Technology AMST87 was held in Opatija Croatia in October 1987 The Second International Conference on Advanced Manufacturing Systems and Technology AMSV90 was held in Trento Italy in June 1990 The Third Fourth Fifth and Sixth Conferences on Advanced Manufacturing Systems and Technology were all held in Udine Italy as follows AMST93 in April 1993 AMST96 in September 1996 AMST99 in June 1999 and AMST02 in June 2002
