Company specializes in providing engaging supplemental books and decorative resources to complement middle and upper grade classrooms Designed by leading educators this product line covers a range of subjects including mathematics sciences language arts social studies history government fine arts and character *Oracle SQL Interactive Workbook* Alice Rischert,2003 In this unique workbook pedagogy with hands on exercises programming projects and a free Web based training module the author covers every key Oracle SQL concept SQL Plus DDL DML DQL the Oracle Data Dictionary and more *The Blended Course Design Workbook* Kathryn E. Linder,2023-07-03 Blended also called hybrid classrooms in which face to face interaction is intentionally combined with online activities to aid student learning are becoming more and more common Most recently flipped classrooms have become a popular method for teaching because more time for active learning in class can be gained by moving content delivery such as lecture to outside of class homework using technology tools such as video or lecture capture The blended model is proving to be an environment that provides more self directed technology mediated learning experiences for students who will be incorporating technology more and more into their professional lives post college The Blended Course Design Workbook meets the need for a user friendly resource that provides faculty members and administrators with instructions activities tools templates and deadlines to guide them through the process of revising their traditional face to face course into a blended format Providing a step by step course design process that emphasizes active learning and student engagement this book will help instructors adapt traditional face to face courses to a blended environment by guiding them through the development of course goals and learning objectives assignments assessments and student support mechanisms with technology integration in mind It will also help instructors choose the right technologies based on an instructor s comfort level with technology and their specific pedagogical needs The book will help each instructor who uses the text to develop a unique course by making choices about their course design based on student learning needs for their chosen topic and discipline Every component of the workbook has been piloted with faculty designing and implementing blended courses and then revised to better meet the needs of faculty across a range of comfort levels with technology use The Blended Course Design Workbook includes detailed instructions for each stage of course design alongside specific activities that the reader can complete The book is unique because it facilitates a step by step process for blended course design with specific templates and tools that can be used across disciplines **Ventures 2 Workbook** Gretchen Bitterlin,2014 **Disability and World Language Learning** Sally Scott,Wade Edwards,2018-12-21 The release of a report by the Modern Language Association Foreign Languages and Higher Education New Structures for a Changed World focused renewed attention on college foreign language instruction at the introductory level Frequently the report finds these beginning courses are taught by part time and untenured instructors many of whom remain on the fringes of the department with little access to ongoing support pedagogical training or faculty development When students with sensory cognitive or physical disabilities are introduced to this environment the results can be frustrating for both the

student who may benefit from specific instructional strategies or accommodations and the instructor who may be ill equipped to provide inclusive instruction Soon after the MLA report was published the American Council on the Teaching of Foreign Languages issued Diversity and Inclusion in Language Programs a position statement highlighting the value of inclusive classrooms that support diverse perspectives and learning needs That statement specifies that all students regardless of background should have ample access to language instruction Meanwhile in the wake of these two publications the number of college students with disabilities continues to increase as has the number of world language courses taught by graduate teaching assistants and contingent faculty Disability and World Language Learning begins at the intersection of these two growing concerns for the diverse learner and for the world language instructor Devoted to practical classroom strategies based on Universal Design for Instruction it serves as a timely and valuable resource for all college instructors adjunct faculty long time instructors and graduate assistants alike confronting a changing and diversifying world language classroom
