The Anglican Prayer Life David F. Sokol,2001 In our busy every day lives we must change our focus from the worldly mind to the silent contemplation of the spirit from the many to the One In prayer we seek to know the reality and presence of God It is not a cold calculating process but what the Greek Fathers called theoria a passionate contemplative insight involving communion and sharing Anglicanism in the Jewish tradition describes three levels of existence as one body mind and spirit We must discipline ourselves to assure the transition from the body and mind to the spirit To help inform our prayers and leave room for personal expression The Anglican Prayer Life emphasizes both the structured prayers in the Book of Common Prayer and personal prayers informed by Scripture Whether used as a companion in individual prayer with a prayer partner anamchara or in a formal prayer group this little book will help you enter a relationship with Jesus Christ and provide both solace in your personal needs and the courage to intercede on behalf of others **Anglican Eucharistic**

Kjell-Ake Nordquist,2013-02-12 This book brings together a variety of perspectives on how religion can be related to violence and war both in a destructive and constructive way Religion can justify and mobilize violence even terrorism or guerilla wars

just like political ideology But how is such a link between religion and violent behavior established in the first place How can we go further in understanding this possible connection between religion and war Is religious peace work just the flip side of religious support of war Or can peace work be informed by knowing about how religion promotes violence and war In the search for answers to the puzzle of religion and war it is easy to focus on conflict and war situations but maybe there is as much to learn from peace work as from war studies Therefore this book also analyses religious peace work from different contexts The multifaceted presence of religion in conflict situations whether justifying violence or promoting peace is illustrated in this book using a variety of situations in an enlightening panorama of one of today s must puzzling social connections religion and armed conflict Contributors include R Scott Appleby Goran Gunner Mariyahl Hoole Mark Juergensmeyer Anne Kubai Kjell Ake Nordquist Jehan Perera Jennifer Schirmer Nari Senanayake and Maria Smaberg
