Student's Oxford Canadian Dictionary
 Katherine Barber, 2004. Based on the award-winning best-selling Canadian Oxford Dictionary, the Student's Oxford Canadian Dictionary has been edited to meet the needs of students. With 185 000 words, phrases and definitions, it features over 1 500 uniquely Canadian words and senses. Each of these entries is exceptionally reliable, utilizing the research conducted to compile The Canadian Oxford Dictionary, for which five professionally trained lexicographers spent five years examining databases containing over 20 million words of Canadian text from more than 8 000 Canadian sources of astonishing diversity. Over 800 usage boxes offer straightforward explanations on common problems like spelling, grammar, pronunciation, punctuation, confusable words and other difficulties a student might encounter. Pronunciations have been written in a simplified, easy-to-use sound-out system and over 26 000 illustrative examples provide extra guidance by offering additional context. Definitions have been rewritten for ease of comprehension and vocabulary that relates directly to the curriculum has been provided. Using The Canadian Oxford Dictionary's continually updated databases, the Student's Oxford Canadian

Dictionary is completely up to date and includes new words such as cybersquatter and Canadian Alliance Party Providing all the authority of The Canadian Oxford Dictionary in a user friendly student s edition the Student s Oxford Canadian Dictionary sets a new standard of excellence for Canadian student resources *Rubber Band Loom Crafts* Leisure Arts,2013 Rubber band jewelry is taking the world by storm Everybody wants the colorful bracelets necklaces and rings that are so much fun to create on looms with rows of plastic pins Whether it s called Rainbow Loom Wonder Loom FunLoom Cra Z Loom or other names the looms and their supplies create a shopping frenzy each time a new shipment arrives at stores Rubber Band Loom Crafts includes full instructions and charts for placing and looping the bands on the loom pins for eight bracelet patterns Single Triple Single Fishtail Diamond Double Rhombus Butterfly Blossoms Chain Mail and Zippy Chain Tips are given throughout for alternate color combinations and projects such as rings necklaces barrettes and headbands Longman New Universal Dictionary Paul Procter,1982 **The Canadian Oxford Dictionary** Katherine Barber,1998 We all use Canadian English every day when we order a pizza all dressed hope to get a seat sale to go south during March break or book off work to meet with a CGA to discuss RRSPs Language embodies our nation s identity and The Canadian Oxford Dictionary in its 1 728 pages covers all aspects of Canadian life Never before have Canadians been able to see their language and themselves so accurately and comprehensively described in a dictionary The loggers of the west coast the wheat farmers of the Prairies the fishermen of the Atlantic provinces the trappers of the North Canada s Aboriginal peoples its British and French settlers and the more recent arrivals whether they came from Ukraine Italy South Asia or elsewhere all have contributed to making Canadian English unique and the dictionary thus reflects the great sweep of Canadian life It contains over 2 000 distinctly Canadian words and meanings more than any other Canadian dictionary covering every region of the country Whether you call your favorite doughnut a jambuster a bismark a Burlington bun or the more prosaic jelly doughnut may depend on where you live in Canada but they will all be found in The Canadian Oxford Dictionary Of course this is not just a dictionary of Canadian words its 130 000 entries combine in one reference book information on English as it is used worldwide and as it is used particularly in Canada Definitions worded for ease of comprehension are presented so the meaning most familiar to Canadians appears first and foremost Each of these entries is exceptionally reliable the result of thorough research into the language and Oxford s unparalleled language resources Five professionally trained lexicographers spent five years examining databases containing over 20 million words of Canadian text from more than 8 000 Canadian sources of an astonishing diversity Inuit Art Quarterly The Fiddlehead Canadian Business and Equinox the work of writers such as Jack Hodgins Sandra Birdsell David Adams Richards and Pierre Berton daily and weekly newspapers from across the country and of course the Canadian Tire catalogue all find a place in the evidence of The Canadian Oxford Dictionary The lexicographers also examined an additional 20 million words of international English sources For many Canadians one of the more puzzling aspects of writing is trying to determine whether to use the American spelling or the British spelling Should it be colour or

color theater or theatre programme or program By examining our extensive Canadian databases our lexicographers have been able to determine which in fact is the more common spelling colour theatre and program Favoured Canadian pronunciations have also been determined by surveying a nationwide group of respondents Oxford's thorough research has also ensured that new words that have recently appeared are well represented So if you're someone who puts on your bicycle shorts and blades over to the gym to do some crunches for your abs followed by work on your lats pecs and delts finishing up with a step class because you're afraid that being a chocoholic who loves comfort food will affect your body mass index and you want to avoid yo yo dieting you'll find all these common words in The Canadian Oxford Dictionary An added feature of this dictionary is its encyclopedic element It includes short biographies of over 800 Canadians ranging from Elvis Stojko Celine Dion and Jean Beliveau to Nellie McClung Lester B Pearson and Kim Campbell It also contains entries on 5 000 individuals and mythical figures of international significance and almost 6 000 place names more than 1 200 of them Canadian Indeed all Canadian towns with a population of 5 000 or more are featured and their entries not only explain the origin of the place name but also include the population based on the 1996 census With the publication of The Canadian Oxford Dictionary Oxford University Press adds another work to its highly respected range of dictionaries and Canadians finally have a dictionary that truly reflects their nations
