

McMURRY  
FAY

# CHEMISTRY

SIXTH  
EDITION

The background of the cover features a close-up, slightly blurred photograph of several glass test tubes. Each test tube contains a small, vibrant green plant with rounded leaves, likely a species of Mimosa pudica, which is commonly used in biology and chemistry experiments to demonstrate the effects of various substances on plant growth and movement. The plants are submerged in a clear liquid, and the test tubes are arranged in a way that creates a sense of depth and scientific inquiry.
