Membres Fantocircmes Des Corps Musiciens:

Membres fantômes des corps musiciens Peter Szendy, 2002 La musique invente construit fait des corps Nos corps mais qu'il nous reste lire et relire Ce sont non seulement des corps techniques ces prothèses ces artefacts que forment les instruments mais aussi des corps vivant d'une vie étrange fantomatique et survivante aussi inouïs qu'une main avec plus de cinq doigts que des pieds qui respirent tels des poumons qu'un toucher distance et sans contact L'organologie cette respectable discipline qui recense les corps sonores est ici interrogée et quelque peu malmenée dans son corpus sculatoire pour qu'elle livre ce qu'elle recèle et préfère généralement cacher des organes indits des hybridations et des greffes sorties d'une fiction agissante des monstres et des chimères qui guettent l'occasion pour prendre corps en effet Au-delà de ces corps singuliers que la musique compose et dépose ce sont enfin des figures d'un corps collectif social qui surgissent au milieu d'un appareillage d'innervations distance et lpathiques P Sz

Phantom Limbs Peter Szendy, 2015-11-02 The prostheses Peter Szendy explores those peculiar artifacts known as musical instruments are not only technical devices but also bodies that live a strange phantom life as uncanny as a sixth finger or a third lung The musicological impulse to inventory those bodies that produce sound is called into question here In Szendy's hands its respectable corpus of scholarship is read askant so as to tease out what it usually prefers to hide hybrids and grafts produced by active fictions monsters and chimera awaiting the opportunity to be embodied Beyond these singular bodies that music composes and disposes there lies the figure of a collective social body ready to emerge amid an innervated apparatus that operates at a distance telepathically Phantom Limbs touches on bodies of all shapes and sizes that haunt the edges of music's conceptualizations Music continually reinvents such bodies and reconvenes them in new collective formations It is their dynamics and crystallizations that Szendy auscultates on a motley corpus that includes Bach Diderot Berlioz Eisenstein Disney and Monk

Hits Peter Szendy, 2012 Hits Philosophy in the Jukebox is an extraordinary foray into what Apple has convinced us is the soundtrack of our lives How does music come to inhabit us to possess and haunt us What does it mean that a piece of music can insert itself Szendy's term for this borrowed from German is the earworm into our ears and minds In this book Peter Szendy probes the ever growing and ever more global phenomenon of the hit song Hits is the culmination of years of singular attentiveness to the unheard the unheard of and the overheard as well as of listening as it occurs when one pays anything but attention Szendy takes us through our musical bodies by way of members and instruments playing and governing apparatuses psychic and cinematic doublings political and economic musings The hit song Szendy concludes functions like a myth a force of repetition that grows by force of repetition In the repetition generated by the song's relation to itself Szendy locates its production as a fetishized commodity a self-producing structure and a self-desiring machine Like a Deleuzian machine then the hit song is a technology of the self or better a technology of rule a bio-melo technology After reading this book one can no longer avoid realizing that music is more than a soundtrack It is the condition of our lives We are all melomaniacs Szendy tells us in his

unique style of writing and of thought We are melo obsessive subjects not so much driven to a frenzy by a music we hardly have time to listen to as governed and ruled by it

Memories of an Impossible Future: Mehdi Akhavan Sâles and the Poetics of Time Marie Huber, 2016-11-28 In *Memories of an Impossible Future Mehdi Akhavan Sâles and the Poetics of Time* Marie Huber traces the quest for a modern language of poetry through different figurations of temporality in the works of one of Iran's foremost poets Akhavan is placed in dialogue with European thinkers and emerges as an original voice in world literature Chapters examine aspects of rhythm and metaphor messianism and historicity and functions of time in Akhavan's lyric and epic poems Through a range of close readings Huber seeks to understand Akhavan's texts as crystallisations of a historical moment both rooted in the Persian tradition and pointing beyond it Her analyses combine attention to philological detail with meditations on the philosophical significance of Akhavan's poetics

Listen Peter Szendy, 2009-08-25 An enlightening exploration of the concept of listening and the evolving role of the listener from Beethoven to Charlie Parker to contemporary remixing In this intimate meditation on listening Peter Szendy examines what the role of the listener is and has been through the centuries The roles of the composer and the musician are clear but where exactly does the listener stand in relation to music What is the responsibility of the listener Does a listener have any rights as the author and composer have copyright Is it possible to convey to others how we ourselves listen to music Though personal memory and intellectual history Szendy takes readers on a fascinating and ear opening journey to answer these questions Along the way he examines the evolution of copyright laws as applied to musical works and takes us into the courtroom to examine different debates on what we are and aren't allowed to listen to and to witness the fine line between musical borrowing and outright plagiarism Finally he examines the recent

phenomenon of DJs and digital compilations and wonders how technology has affected our listening habits **Musiciennes** Agnès Fine, 2007 La musique est femme crivait Wagner en 1850 Dans ce num ro les auteurs mettent en rapport les pratiques musicales concr tes avec les repr sentations de la musique des femmes et du f minin dans la longue dur e surtout en Europe Leurs contributions s inscrivent dans le renouveau ces deux derni res d cennies des sciences humaines et sociales y compris de la musicologie **Contemporary Piano Music** Madalena Soveral, 2021-05-20 This collection addresses different issues involving performance and musical creation in contemporary piano music Organised into three sections it examines the aesthetic and technical aspects of musical creation in the 20th century and evaluates the questions that these aspects pose regarding the interpretative and performative process It also offers a reflection on artistic practices in the 21st century and explores their contribution to redefining the contemporary performative field **Speaking of Music** Keith Chapin, Andrew H. Gestes contemporains du montage Térésa Faucon, 2017-09-06T00:00:00+02:00

Le concept de montage est introuvable

Mme Eisenstein l'un des premiers théoriciens n'a cessé de revenir sur ce geste si multiple La proposition théorique de cet ouvrage n'est pas de réfléchir au montage partir d'une thèse qui se développerait linéairement mais d'ouvrir le montage en autant de gestes qui le constituent dans les œuvres contemporaines que ceux-ci héritent de la pratique et de la théorie du cinéma ou qu'ils empruntent aux pratiques du collage et du montage d'autres arts visuels et sonores comme littéraires Si le montage a fini par être rattaché au cinéma jusqu'à le définir sa conception dépasse largement le septième art comme en témoignent ses théories et ses pratiques Il pourrait être considéré comme un médium par sa force traverser la peinture la sculpture la composition musicale littéraire En le pensant comme médium il s'agit aussi de le libérer de son Apparat de ses opérations techniques même si elles sont fondatrices comme la coupe et la collure en le considérant dans toutes ses puissances dans toute sa virtualité Le montage serait donc avant tout performatif interprétatif et sa réalisation dépendrait autant des gestes du créateur que du spectateur
