Greek Tragedy, European Odyssey: The Politics and Economics of the Eurozone Crisis Robert Godby,Stephanie Anderson,2016-04-18 Debate among politicians and academics alike vacillates as to whether the euro is the crowning achievement of a half century of European integration efforts or now constitutes a force that threatens to drive European Union member states apart This book introduces both the political and economic forces at play in the eurozone crisis that have shaped this debate and changed the face of European integration

Rethinking Post-Cold War Russian-Latin American Relations Vladimir Rouvinski,Victor Jeifets,2022-06-07 Today there is plenty of evidence that Russia has become a prominent external actor in Latin America and the Caribbean Yet few books have attempted to better understand the reasons behind Russia s return and Moscow s continuous engagement in the region In order to fill the gap this volume offers the first interdisciplinary study of Russian Latin American relations after the end of the Cold War Across 16 chapters leading experts from Russia Europe the United States and Latin America collectively re examine the Soviet legacy to reveal the conditions in which Russia operates today and identify the key trends of contemporary Russian relations with this part of the world The book then moves on to provide a detailed case study analysis of Russia s bilateral relations with Venezuela Cuba Mexico Brazil Argentina and Colombia identifying the most critical dimensions of Russian engagement Rethinking Post Cold War Russian Latin American Relations allows readers to identify the fundamental driving forces of Russia s renewed commitment to the area its strategies and experiences The book will be of interest to readers of international relations and area studies historians of modern Latin America migration studies political economy and any

political scientists interested in Russian decision making *Report to Congress of the U.S.-China Economic and Security Review Commission* U.S.-China Economic and Security Review Commission,2016 **The Economic Government of the World** Martin Daunt,2023-11-14 Foreign Affairs Best Books of the Year 2023 An epic history of the people and institutions that have built the global economy since the Great Depression In this vivid landmark history the distinguished economic historian Martin Daunt pulls back the curtain on the institutions and individuals who have created and managed the global economy over the last ninety years revealing how and why one economic order breaks down and another is built During the Great Depression trade and currency warfare led to the rise of economic nationalism a retreat from globalization that culminated in war From World War II came a new liberal economic order Squarely reflecting the interests of the West in the Cold War liberalism faced collapse in the 1970s and was succeeded by neoliberalism financialization and hyper globalization Now as leading nations are tackling the fallout from Covid 19 and threats of inflation food insecurity and climate change Daunt calls for a return to a more just and equitable form of globalization Western imperial powers have overwhelmingly determined the structures of world economic government often advancing their own self interests and leading to ruinous resource extraction debt poverty and political and social instability in the Global South He argues that while our current economic system is built upon the politics of and between the world s biggest economies a future of global recovery and the reduction of economic inequality requires the development of multilateral institutions Dramatic and revelatory *The Economic Government of the World* offers a powerful analysis of the origins of our current global crises and a path toward a fairer international order **Handbook of Generation IV Nuclear Reactors** Igor Pioro,2022-12-07 Handbook of Generation IV Nuclear Reactors Second Edition is a fully revised and updated comprehensive resource on the latest research and advances in generation IV nuclear reactor concepts Editor Igor Pioro and his team of expert contributors have updated every chapter to reflect advances in the field since the first edition published in 2016 The book teaches the reader about available technologies future prospects and the feasibility of each concept presented equipping them users with a strong skillset which they can apply to their own work and research Provides a fully updated revised and comprehensive handbook dedicated entirely to generation IV nuclear reactors Includes new trends and developments since the first publication as well as brand new case studies and appendices Covers the latest research developments and design information surrounding generation IV nuclear reactors *OECD Economic Surveys: Australia 2021* OECD,2021-09-14 The pandemic recession in 2020 was milder than in most other OECD countries but recent outbreaks have prompted the country to begin transitioning from a zero tolerance to a containment approach to the virus As the recovery becomes more firmly entrenched public policy must focus on setting the conditions for another prolonged period of strong and well distributed growth in living standards *Constitutional Law and Regionalism* Vito Breda,2018-09-28 This topical book analyses the practice of negotiating constitutional demands by regional and dispersed national minorities in eight multinational systems It considers the practices

of cooperation and litigation between minority groups and central institutions in Australia Britain Canada New Zealand Italy Spain and the U S and includes an evaluation of the implications of the recent Catalan Puerto Rican and Scottish referenda Ultimately the author shows that a flexible constitution combined with a versatile constitutional jurisprudence tends to foster institutional cooperation and the recognition of the pluralistic nature of modern states Unfinished Business Tamim Bayoumi,2017-09-19 A penetrating critique tracing how under regulated trading between European and U S banks led to the 2008 financial crisis with a prescription for preventing another meltdown There have been numerous books examining the 2008 financial crisis from either a U S or European perspective Tamim Bayoumi is the first to explain how the Euro crisis and U S housing crash were in fact parasitically intertwined Starting in the 1980s Bayoumi outlines the cumulative policy errors that undermined the stability of both the European and U S financial sectors highlighting the catalytic role played by European mega banks that exploited lax regulation to expand into the U S market and financed unsustainable bubbles on both continents U S banks increasingly sold sub par loans to under regulated European and U S shadow banks and when the bubbles burst the losses whipsawed back to the core of the European banking system A much needed fresh look at the origins of the crisis Bayoumi s analysis concludes that policy makers are ignorant of what still needs to be done both to complete the cleanup and to prevent future crises Law and Sustainability Koen Byttebier,Kim van der Borch,2022-06-22 This book deals with some aspects of the future shape of the socio economic order which would be founded on sustainability principles and the role of law therein instead of on the prevailing capitalist economic order The volume elaborates in particular on how innovation a crucial aspect of free market capitalism and its laws which constitute the current socio economic order could result in a more sustainable economy which in turn could lead to a more sustainable society Moreover the book analyses current developments in financial and economic law and evaluates their perks risks and sustainability levels The book contains no less than 11 chapters in which a variety of experts share their state of the art insights regarding specific domains of socio economic life As such the book deals with topics that are at present fully under debate in societies such as student credit and the dangers it entails cryptocurrencies and how the law tries to regulate this basically private law instrument groups of companies under Belgian company law a proposal for improving the international monetary system and seeds and intellectual property rights besides various other similar themes The book forms the latest volume of the book series Economic and Financial Law Policy Shifting Insights Values and fully complies with the series goal of critically examining the legal methods and mechanisms that shape the global free markets and proposing alternatives to them The book will hereby prove a valuable instrument for all researchers investigating these matters besides policymakers and their advisers as well as all lawyers active in the field of economic law who look for a new perspective on the subject matters dealt with **Prisoners of Reason** S. M. Amadae,2016-01-14 Using the theory of Prisoner s Dilemma Prisoners of Reason explores how neoliberalism departs from classic liberalism and how it rests on game theory *Principles of Banking Law*

Ross Cranston,Emilios Avgouleas,Kristin van Zwieten,Christopher Hare,Theodor Van Sante,2018 This third edition of the Principles of Banking Law provides an authoritative treatment of both domestic and international banking law This edition contains expanded coverage of developments in other comparable jurisdictions internet banking services and money laundering

U.S. Army Campaigns of the Civil War: The Civil War in the West, 1863 Andrew N. Morris, The Civil War in the West 1863 by Andrew N Morris is the latest addition to the Center of Military History s U S Army Campaigns of the Civil War series In 1863 Union and Confederate forces fought for control of Chattanooga a key rail center The Confederates were victorious at nearby Chickamauga in September However renewed fighting in Chattanooga that November provided Union troops a victory control of the city and drove the Confederates south into Georgia The Union success left its armies poised to invade the Deep South the following year

An Examination of the Administration's Overtime Rule and the Rising Costs of Doing Business United States. Congress. Senate. Committee on Small Business and Entrepreneurship,2017

The Nonsense Factory Bruce Cannon Gibney,2019-05-14 A withering and witty examination of how the American legal system burdened by complexity and untrammelled growth fails Americans and threatens the rule of law itself by the acclaimed author of A Generation of Sociopaths Our trial courts conduct hardly any trials our correctional systems do not correct and the rise of mandated arbitration has ushered in a shadowy system of privatized justice Meanwhile our legislators can t even follow their own rules for making rules while the rule of law mutates into a perpetual state of emergency The legal system is becoming an incomprehensible farce How did this happen In The Nonsense Factory Bruce Cannon Gibney shows that over the past seventy years the legal system has dangerously confused quantity with quality and might with legitimacy As the law bloats into chaos it staggers on only by excusing itself from the very commands it insists that we obey leaving Americans at the mercy of arbitrary power By examining the system as a whole Gibney shows that the tragedies often portrayed as isolated mistakes or the work of bad actors police misconduct prosecutorial overreach and the outrages of imperial presidencies are really the inevitable consequences of law s descent into lawlessness The first book to deliver a lucid comprehensive overview of the entire legal system from the grandeur of Constitutional theory to the squalid workings of Congress The Nonsense Factory provides a deeply researched and witty examination of America s state of legal absurdity concluding with sensible options for reform
