Ministry of Defence main estimates 2011-12 Great Britain: Parliament: House of Commons: Defence Committee,2011-07-28 The Ministry of Defence MoD must put into the public domain the full cost of military operations in Afghanistan This report notes that although there are obvious standing expenses the Afghan deployment brings with it additional costs in terms of training opportunities cancelled or deferred and equipment wear and tear that will eventually have to be met The Committee is also disappointed by the Department s inability to provide the detailed information requested about expected write offs such as Nimrod and the Type 22 Frigate The MoD was not clear but the Committee deduce that some of the 2010 11 provision for depreciation and write offs will be carried forward to 2011 12 or even later years There is also concern that the voluntary redundancy programme has been over subscribed and that applications or even resignations have been received from individuals who might have achieved high command and asks the MoD to show how it will ensure that the voluntary redundancy process does not impact on the future leadership capability and effectiveness of the Armed Services *Wiley*
