Many people are now losing their beliefs in the existence of angels. Angel pertains to a spirit or a supernatural being that can be found in numerous mythologies and religions. In Zoroastrianism and Abrahamic religions, the angels are usually portrayed as kind heavenly beings that function as mediators between the Heaven and Earth as spirit guardians or as guiding influence. Other functions of angels involve guiding and protecting human beings and carrying out the task of God. The word angel has been stretched to various concepts of spirits recognized under different religious traditions. In this book, you will learn more about angels, how they can help you in moments of uncertainty and regarding the purpose of your existence. You can also reflect on the different chapters of this book and verify your beliefs and ideas. **A Message of Hope from the Angels**

Lorna Byrne, 2013-10-08. Number one international bestselling author Lorna Byrne, an Irish mystic who gives hope and a sense of peace. The Times UK shares the encouraging messages she receives from angels to help carry us through life's challenges. Lorna Byrne sees and speaks to angels physically every day, communicating with them as clearly as the rest of us see people. In *A Message of Hope from the Angels*, Lorna comforts and consoles us with the knowledge that no matter how alone you might feel, you always have a guardian angel by your side. As she writes, "These days I see a lot of angels holding lights in front of people, helping to encourage them. I see so much to be hopeful about, and in this book I pass on these messages of hope." Through this inspiring and uplifting book, Lorna reveals how we can call on the help of angels to carry us through the difficulties that we all inevitably face, including loneliness, depression, stress, financial strain, heartbreak, the death of a loved one, or feelings of inadequacy. No matter what obstacles you encounter, you can always call on the support of angels to make your life happier and more fulfilling. **The Angel Chronicles** Gd Thompson Sr, 2013-03

The time was the great rift between fallen angels as humans. It was the supposed time of the great freedom when there were no rules on earth. And that time was when earth wasn't even called earth. It was nothing to them and something in the same moment. The fallen angels almost had the same kind of planet as Aurbrahtery, which they gave up. It was warm and lit all the time. There was no darkness, no coldness, and no desolation. Until their dark hearts took over and began to change their surroundings. What the fallen angels also didn't realize was that their new home verged on changing with the reality of the darkness lying in the root of their hearts. The fallen angels didn't realize that darkness and negativity carried a lot more dead weight with it, which is

ultimately what forged the slowing planet with all the fallen angels as humans upon her surface **Three Angels, One Message** John T. Anderson, 2012 Now would be a good time to remember the angels instructions The Three Angels Message comprise only seven of Revelation s 404 verses a tiny percentage of what John the revelator recorded Yet as God s final warning to a world enamored with sin these cryptic messages are highly significant What exactly is God warning the world about though And how is this warning relevant to you considering what is currently happening in our world If it s so important why isn t this portion of Scripture as well known as the Ten Commandments or the golden rule Within these pages John Anderson examines individual words and phrases to decipher clues embedded in the original language and searches the Bible for the context in which each word is used His careful investigation uncovers the veiled meaning of these messages by comparing scripture with scripture and reveals just how urgent God s warning is to every human on this planet today

The Sufi Message of Hazrat Inayat Khan: The Way of Illumination Hazrat Inayat Khan, 2020-09-28 The Sufi understands that although God is the source of all knowledge inspiration and guidance yet man is the medium through which God chooses to impart His knowledge to the world He imparts it through one who is a man in the eyes of the world but God in his consciousness It is the mature soul that draws blessings from the heavens and God speaks through that soul Although the tongue of God is busy speaking through all things yet in order to speak to the deaf ears of many among us it is necessary for Him to speak through the lips of man He has done this all through the history of man every great teacher of the past having been this Guiding Spirit living the life of God in human guise In other words their human guise consists of various coats worn by the same person who appeared to be different in each Shiva Buddha Rama Krishna on the one side Abraham Moses Jesus Muhammad on the other and many more known or unknown to history always one and the same person Those who saw the person and knew Him recognized Him in whatever form or guise those who could only see the coat went astray To the Sufi therefore there is only one Teacher however differently He may be named at different periods of history and He comes constantly to awaken humanity from the slumber of this life of illusion and to guide man onwards towards divine perfection As the Sufi progresses in this view he recognizes his Master not only in the holy ones but in the wise in the foolish in the saint and in the sinner and has never allowed the Master who is One alone and the only One who can be and who ever will be to disappear from his sight The Persian word for Master is Murshid The Sufi recognizes the Murshid in all beings of the world and is ready to learn from young and old educated and uneducated rich and poor without questioning from whom he learns Then he begins to see the light of Risalat the torch of truth which shines before him in

every being and thing in the universe thus he sees Rasul his Divine Message Bearer a living identity before him Thus the Sufi sees the vision of God the worshipped deity in His immanence manifest in nature and life now becomes for him a perfect revelation both within and without
