Wilson, Ralph W. Adler, 2013-09-13 The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in

providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal

Accounting Principles Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2018-02-28 Weygandt's Accounting Principles continues to provide students with a trusted and clear introduction to fundamental accounting concepts which has made this best selling text so popular Helping students get the most out of their accounting course by making practice simple the new edition continues to present the accounting cycle from a sole proprietor perspective whilst providing the latest IFRS integration throughout separate references to GAAP are made at the end of each chapter for courses where needed To maximise student achievement a plethora of additional teaching and learning resources will be available including self tests exercises templates videos and more Using metric units and companies with a more global feel this new text is ideal for courses across the world
