refined note perfect music It is not a book about singing in perfect pitch or even being able to carry a tune What it is about hopefully is a book of inspirational stories and Barnyard Music Theory that will encourage you to go ahead and enjoy music your own personal internal music at whatever level of talent you possess And it is my belief that anyone who can set aside any tendencies towards perfectionism can enjoy making their own music and just about everybody has a song inside Hopefully you will find something in the pages of this book that will help you to set that song free
