

TEACHING PRACTICE REPORT

(CHEMOIBEN SECONDARY - 2011)

INTRODUCTION

Teaching practice is the realistic preparation for student teacher's future profession. This process is necessitated by team teaching which includes the principal of the school, subject advisor, college supervisor, and the student teacher. Since the individuals are involved rather than the institutions, it influences the student teacher in one way or the other.

The team teaching must work together towards one goal; to see to that the working conditions for the student teacher are the best, which is not only essential for his future career but also his attitudes towards teaching and his efficiency as a teacher. Teaching practice has been a practical session in my preparation for teaching, it has been primarily a programme of experience, have learned mainly by doing the real work that all teachers do. If one is firmly determined to do constructive, effective and intelligent work, one will undoubtedly enjoy teaching and succeed in it.

HISTORY OF THE SCHOOL

Chemoiben secondary school is a district school situated within Bureti district, Bureti division, Litein zone, Kericho County and is served by the tarmacked Litein-Bomet road, 3 km from Litein trading centre. Chemoiben secondary school was started in 2004 with only four classrooms in which one of them was used as a staffroom, store and the principal's office. It had only five teachers and twenty eight students. At present it has over 200 students, 10 teachers and 6 support staff; the support staff encompasses the bursar, secretary, librarian, lab assistant, the school cook, and the school cleaner. The school uniform is purplin in colour for sweaters and skirts, grey trousers, a white shirt and stripped neck-tie. The school since its time of establishment has been managed by 2 head teachers but currently is headed by Mr. Richard Tonui who is assisted by Mr. William Langat as his deputy. The growth of the school was as a result of fee payment, fund raising and especially from Constituency Development Fund (CDF). As a result of limited infrastructure, the students took their meals under the trees within the school compound since the school had no dining hall, library or a vacant room to serve for that purpose.
