George Lynch, 2020-03-18 Death from a Mauser bullet is less painful than the drawing of a tooth Such at least appears to be the case speaking generally from apparent evidence without having the opportunity of collecting the opinions of those who have actually died In books we have read of shrieks of expiring agony but ask those who have been on many battlefields and they will not tell you they have heard them As a rule a sudden exclamation I m hit My God Damn it **What One Man Saw; Being the Personal Impressions of a War Correspondent in Cuba** Harrie Irving Hancock, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1900 edition Excerpt called their attention to the good thing in that tree and volleys instead of single bullets would have come my way I don t blame the fellow though He was attending to what he considered his business and attending to it well until I interfered by getting out of his reach I was in a very good imitation of service clothes had a cartridge belt and revolver strapped to my waist and he undoubtedly mistook me for an officer making a reconnoissance Wriggling a little way from the tree I made myself as comfortable as I could in the long grass behind a bush But here I could see nothing except at intervals and then what I could see did not satisfy me It was while lying here now thalt I beca me aware of a curious possibility on the battlefield In the hottest fire one may become absent minded From lack of ability to see well I began to think of other matters of home of Broadway of a former tripto the tropics of the poor fare we had on the transport and of a certain restaurant in New York where the cold salads were always a delight on a hot summer s day I had suffered much from rheumatism in the past and the exposure of sleeping in wet grass the night before and the hard tramping on this day had begun to make themselves felt by a painful stiffening Finding my position on the ground too cramped I rose to stretch myself and then the combined ludicrousness and danger of this form of taking comfort dawned upon me and I laughed and got down close to the ground again The fire came my way again Perhaps my own absent mindedness had caused it As I lay there watching the grass go down as the bullets zipped it ofi I could not help wondering how many tons of hay a horse rake could take up here on the What One Man Saw Harrie Irving Hancock, 1898

Impressions of a War Correspondent George LYNCH (Journalist.), 1902 **What One Man Saw** Harrie Irving Hancock, 1900 **The War Correspondent** Greg McLaughlin, 2016-02-20 What is the role of the war reporter today Through interviews with prominent war and foreign correspondents such as John Pilger Robert Fisk Mary Dejevsky and Alex Thomson The War Correspondent delves into the most dangerous form of journalism From Crimea to Vietnam the Falklands to the Gulf and Afghanistan Iraq and the War on Terror the books examines the attractions and risks of war reporting the challenge of objectivity and impartiality in the war zone the danger that journalistic independence is compromised by military control censorship and public relations as well as the commercial and technological pressures of an intensely concentrated competitive news media environment As history and ideology return to the reporting of international conflict Greg McLaughlin asks what will that mean for a new generation of war correspondents attuned not to history or ideology but to

Correspondents George Lynch,2010-10-01 There are few people in the world who have more opportunity for getting close to the hot interesting things of one s time than the special correspondent of a great paper George Lynch a veteran British correspondent wrote in Impressions of a War Correspondent published in 1903 He made it all sound glorious just the way war correspondents like to recount their experiences on the battlefield But in a few months he had less to exult about Lynch and a distinguished throng of foreign correspondents with high hopes of a good story assembled in Tokyo to cover the Russo Japanese War a monumental conflict that would mark the first modern defeat of a Western force by an Asian one only to discover that the authorities would not let them close to the hot interesting things Corralled in the Imperial Hotel the journalists had nothing much to do except tell stories in the bar and write about local flora A few of them including Jack London and Richard Harding Davis decided to contribute short autobiographical stories recounting their most exciting journalistic experiences for a book to be edited by Lynch and his American colleague Frederick Palmer The correspondents told their tales in different ways prose poems sketches and even a short play Their stories recounted their routines failures and triumphs including surviving battles and waiting to see action One contributor imagines bewhiskered correspondents in 1950 still awaiting permission from Japan to go to the front only to learn the war had been over for thirty nine years Printed locally by a Japanese printer and largely forgotten until now In Many Wars by Many War Correspondents offers colorful stories and insights about the lives and personalities of some of history s most celebrated war correspondents With a foreword by John Maxwell Hamilton that chronicles the circumstances under which the contributors compiled the book this new edition opens a window into the fascinating world of foreign newsgathering at the turn of the twentieth century
