In the Long Run Jacqueline Simon Gunn, 2015-03-24 *A Brighter Future* Richard Holt, Daphne Greenwood, 2014-12-18

As the United States continues its slow climb out of the Great Recession it is important to focus on new directions to improve the standard of living in America This book explores what is behind a faltering standard of living in the United States since the early 1980s and what can be done to restore it The book is uniquely valuable in going beyond mainstream thinking about how to restore prosperity Economics has traditionally equated economic growth increases in per capita income with improvements in quality of life and the standard of living This book questions that assumption The different chapters in the book show the standard of living as being more than income to include many non market aspects such as access to public goods roads clean air and water schools parks and museums intangible aspects of quality of life such as equity and a sense of community and broadly based economic opportunities This means that improving the standard of living is a multi dimensional challenge rather than one of solely increasing aggregate demand productivity or GDP This book embodies a pluralistic approach and draws on the expertise of a wide array of thinkers The intended audience is for various courses offered in economics sociology political science public policy programs and in environmental and ecological studies **In the Long Run**

We're All Dead Timothy Lewis, 2007-10-01 *In The Long Run We re All Dead* The Canadian Turn to Fiscal Restraint offers the first comprehensive scholarly account of this vital public policy issue Lewis deftly analyzes the history of deficit finance from before Confederation through Canada s postwar Keynesianism to the retrenchment of the Mulroney and Chr tien years In doing so he illuminates how the political conditions for Ottawa s deficit elimination in the 1990s materialized after over 20 consecutive years in the red and how the decline of Canadian Keynesianism has made way for the emergence of politics organized around balanced budgets **A Journal of Personal Exploration, Reflection and Discovery** Eric
