continuously conducted instructions in use of collision avoidance radar for qualified U S seafaring personnel and
representatives of interested Federal and State Agencies Beginning in 1963 to facilitate the expansion of training capabilities
and at the same time to provide the most modern techniques in training methods radar simulators were installed in Maritime
Administration s three region schools It soon became apparent that to properly instruct the trainees even with the advanced
equipment a standardize up to date instruction manual was needed The first manual was later revised to serve both as a
classroom textbook and as an onboard reference handbook This newly updated manual the fourth revision in keeping with
Maritime Administration policy has been restructured to include improved and more effective methods of plotting techniques
