# FOR JOB Search SUCCESS

## 01 Start with the end in mind

Take the time to think about what kind of job you're targeting.

## 02 Take time to organize your job search

Outline a strategy and create a weekly list of activities.

## 03 Create a schedule each day

Make a list of what you want to complete and stay flexible for last-minute networking opportunities.

## 04 Set aside a workspace

Designate a specific area that's free of distractions.

## 05 Devote sufficient time

The more time and energy you devote, the faster your search will proceed.

## 06 Recognize motivation levels will vary

Reward yourself for effort, not for results.

## 07 Enlist an accountability partner

Recruit one person to provide objective encouragement & feedback.

## 08 It can be easier to get a job if you have a job

Hiring someone unemployed can be seen as "riskier."

## 09 Consider relocation

It may boost your chances if you live near areas with high unemployment.

## 10 You don't have to go it alone

Ask family and friends for support. Join a job club. Visit a local employment office. Contact your university alumni association. Hire a résumé writer and/or career coach.
