David M. Newman, 2022-08-11 In the Fourteenth Edition of *Sociology Exploring the Architecture of Everyday Life* David
Newman shows students how to see the unfamiliar in the familiar to step back and see organization and predictability in their
take for granted personal experiences With his approachable writing style and lively anecdotes the author's goal from the
first edition has been the same to write a textbook that reads like a real book Many adopters of this book are fans of Peter
Berger's classic works which helped introduce the idea of social constructionism to sociology Newman uses the metaphors of
architecture and construction to help students understand that society is not something that exists out there independently of
themselves it is a human creation that is planned maintained or altered by individuals Using vivid prose current examples
and fresh data this text presents a unique and thought provoking overview of how society is constructed and experienced
Instead of surveying every subfield in sociology the more streamlined coverage 14 chapters focuses on the individual and
society the construction of self and society and social inequality in the context of social structures This title is accompanied
