Companion to Geography, Transdisciplinarity and Sustainability Fausto O. Sarmiento, Larry M. Frolich, 2020-05-29

With contributions from top geographers this Companion frames sustainability as exemplar of transdisciplinary science critical geography while improving future scenarios debating perspectives between rich North poor South modern urban backwards rural and everything in between The Companion has five sections that carry the reader from foundational considerations to integrative trends to resources use and accommodation to examples highlighting non traditional pathways to a postscript about cooperation of the industrialized Earth and a prognosis of the road ahead for the new geographies of sustainability The Road to Unfreedom Timothy Snyder, 2019-04-09 NEW YORK TIMES BESTSELLER From the author of On Tyranny comes a stunning new chronicle of the rise of authoritarianism from Russia to Europe and America A brilliant analysis of our time Karl Ove Knausgaard The New Yorker With the end of the Cold War the victory of liberal democracy seemed final Observers declared the end of history confident in a peaceful globalized future This faith was misplaced Authoritarianism returned to Russia as Vladimir Putin found fascist ideas that could be used to justify rule by the wealthy In the 2010s it has spread from east to west aided by Russian warfare in Ukraine and cyberwar in Europe and the United States Russia found allies among nationalists oligarchs and radicals everywhere and its drive to dissolve Western institutions states and values found resonance within the West itself The rise of populism the British vote against the EU and the election of Donald Trump were all Russian goals but their achievement reveals the vulnerability of Western societies In this forceful and unsparing work of contemporary history based on vast research as well as personal reporting Snyder goes beyond the headlines to expose the true nature of the threat to democracy and law To understand the challenge is to see and perhaps renew the fundamental political virtues offered by tradition and demanded by the future By revealing the stark choices before us between equality or oligarchy individuality or totality truth and falsehood Snyder restores our understanding of the basis of our way of life offering a way forward in a time of terrible uncertainty *Towards Good Order at Sea* Thomas Mandrup, Francois Vre~, 2015-03-01 The problems originating from the resultant bad order at sea can be directly felt on land when smuggling terrorism and related criminal activities operate more or less unhindered The book provides an important mapping of the challenges preventing good order at sea off the African coast and East Africa in particular Rear Admiral N Wang Commandant Royal Danish Defence College *Complexity and Crisis in the Financial System* Matthew Hollow, Folarin Akinbami, Randal Michie, 2016-01-29 What are the long term causes and consequences of the global financial crisis of 2007

2008 This book offers a fresh perspective on these issues by bringing together a range of academics from law history economics and business to look in more depth at the changing relationships between crises and complexity in the US and UK financial markets The contributors are motivated by three main questions Is the present financial system more complex than in the past and if so why To what extent and in what ways does the worldwide financial crisis of 2007 2008 differ from past financial crises How can governments regulators and businesses better manage and deal with increased levels of complexity both in the present and in the future Students and scholars of finance economics history financial law banking and international business will find this book to be of interest It will also be of use to regulators and policymakers involved in the US and UK banking sectors

Insight Turkey 2015 - Fall 2015 (Vol. 17, No. 4) , Last year was the year of elections in Turkey with two parliamentary elections and months long electoral campaigns that dominated the political agenda of the country The parliamentary elections of June 7 2015 brought an end to the AK Party s 12 year long era of parliamentary majority and single party government in Turkey Nevertheless the endeavors to form a coalition government could not be concluded successfully and another election appeared on the horizon The country was ruled by an AK Party led interim government and the elections were repeated five months later on November 1 2015 While close in time the two elections were quite distant with regard to the political contexts in which they were carried out and in their respective results The November elections witnessed a comeback for the AK Party which increased its votes by over 9 points with the addition of five million new votes in the ballot box

Order and Conflict in Public Space Mattias De Backer,Lucas Melgaço,Georgiana Varna,Francesca Menichelli,2016-05-20 Which public and whose space The understanding of public space as an arena where individuals can claim full use and access hides a reality of constant negotiation conflict and surveillance This collection uses case studies concerning the management use and transgression of public space to invite reflection on the way in which everyday social interaction is framed and shaped by the physical environment and vice versa International experts from fields including geography criminology sociology and urban studies

come together to debate the concepts of order and conflict in public space This book is divided into two parts spaces of control and spaces of transgression Section I focuses on formal and informal surveillance and the politics of control using case studies to compare strategies in spaces including Olympic cities luxury skyscrapers residential neighbourhoods and shopping malls Section II focuses on transgressive or deviant behaviour in public spaces with case studies examining behaviour in nightlife districts governance of homelessness boy racer culture and abortion protests The epilogue concludes the book with an exploration of possible future avenues for research on public space and a critical appraisal of the concept of public space itself This interdisciplinary collection will be of interest to students researchers and professionals in the areas of criminology sociology surveillance studies human and social geography and urban studies and planning Globalizing Educational Accountabilities Bob Lingard, Wayne Martino, Goli Rezai-Rashti, Sam Sellar, 2015-07-30 *Globalizing Educational Accountabilities* analyzes the influence that international and national testing and accountability regimes have on educational policy reform efforts in schooling systems around the world Tracing the evolution of those regimes with an emphasis on the OECD's PISA it reveals the multiple effects of policy as numbers in countries with different types of government and different education systems From the effect of Shanghai's PISA success on nations trying to compete economically to the perverse effects of linking funding to performance targets in Australia the analysis links testing and accountability to new modes of network governance new spatialities and the significance of data infrastructures This highly illustrative text offers scholars and policy makers a critical policy sociology framework for doing education policy analysis today Routledge Handbook of National and Regional Ocean Policies Biliana Cicin-Sain, David Vanderzwaag, Miriam C. Balgos, 2015-05-15 This comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and regional ocean policy All chapters follow a common framework for policy analysis While most coastal nations of the world already have a variety of sectoral policies in place to manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken concerted efforts to articulate and implement an integrated ecosystem based vision for the governance of ocean areas under their jurisdiction This includes goals and procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs The book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 sustainable development summits The interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory Overall the book provides a definitive state of the art review and

analysis of national and regional ocean policies around the world
