Imber, 2010-09-27. It is a great pleasure to share with you the Springer CCIS 111 proceedings of the Third World Summit on the Knowledge Society WSKS 2010 that was organized by the International Scientific Council for the Knowledge Society and supported by the Open Research Society NGO (<http://www.openknowledge.society.org>) and the International Journal of the Knowledge Society Research (<http://www.igi-global.com/ijksr>) and took place in Aquis Corfu Holiday Palace Hotel on Corfu island, Greece, September 22-24, 2010. The Third World Summit on the Knowledge Society WSKS 2010 was an international scientific event devoted to promoting the dialogue on the main aspects of the knowledge society towards a better world for all. The multidimensional economic and social crisis of the last couple years brings to the fore the need to discuss in depth new policies and strategies for a human-centric developmental process in the global context. This annual summit brings together key stakeholders of knowledge society development worldwide from academia, industry, government, policy makers, and active citizens to look at the impact and prospects of information technology and the knowledge-based era it is creating on key facets of living, working, learning, innovating, and collaborating in today's hyper-complex world.

Integrated Design of a Product Family and Its Assembly System Pierre De Lit, Alain Delchambre, 2011-06-28. Integrated Design of a Product Family and Its Assembly System presents an integrated approach for the design of a product family and its assembly system whose main principles consider the product family as a fictitious unique product for which the assembly system is to be devised. It imposes assembly and operation constraints as late as possible in the design process to get liberties in the system design and adapts the product family at each design stage to integrate the new constraints related to the successive design choices.
