Forex For Beginners Anna Coulling, Forex For

Beginners Forex For Beginners is the sequel to my first two books A Three Dimensional Approach to Forex Trading and A Complete Guide to Volume Price Analysis It is your primer to the world of forex It has been written to lay the foundations and provide the framework for getting started in the world of forex in what I believe is the correct way My other books then build on what you will learn here to develop your trading skills and knowledge further Applying what you learn In all my books I try to show you how to apply that knowledge to help you become a more confident trader After all learning is all well and good but if we are not taught how to apply that knowledge in a practical way then it is of little use It is the application of knowledge that empowers one and this is what I have tried to do here and in all my education programs such as The Complete Forex Trading Program It s all about risk There are of course many books about forex trading What is different about this book is the focus on those aspects of trading which I believe are fundamental After all there are only two questions we need to answer when considering a position in the market What is the risk on this trade high medium or low What is the financial risk on this trade The first is the hardest question to answer and the book will explain in detail the analysis and approach to answer this question confidently The second question is more straightforward and can be answered provided you understand risk money management and position sizing in relation to your trading capital Again this is covered in detail in the book As the tagline on the front cover says What you need to know to get started and everything in between which really sums up what you will learn What you will discover The book explains everything from the pure mechanics to the trading methodology that I advocate and have used in all my trading and investing for over 25 years Forex For Beginners is also dedicated to all those traders who have asked me to write such an introduction based on my knowledge and methodology This book is for you and for every other aspiring forex trader
