21st Century Economics: A Reference Handbook Rhona C. Free, 2010-05-14. Interest in economics is at an all time high. Among the challenges facing the nation is an economy with rapidly rising unemployment, failures of major businesses and industries, and continued dependence on oil with its wildly fluctuating price. Economists have dealt with such questions for generations but they have taken on new meaning and significance. Tackling these questions and encompassing analysis of traditional economic theory and topics as well as those that economists have only more recently addressed. 21st Century Economics: A Reference Handbook is a must have reference resource. Key Features: Provides highly readable summaries of theory and models in key areas of micro and macroeconomics; helpful for students trying to get a big picture sense of the field. Includes introductions to relevant theory as well as empirical evidence useful for readers interested in learning about economic analysis of an issue as well for students embarking on research projects. Features chapters focused on cutting edge topics with appeal for economists seeking to learn about extensions of analysis into new areas as well as new approaches. Presents models in graphical format and summarizes empirical evidence in ways that do not require much background in statistics or econometrics so as to maximize accessibility to students.

Jobs for Shared Prosperity Roberta Gatti, Matteo Morgandi, Rebekka Grun, Stefanie

Brodmann, Juan Manuel Moreno, Daniela Marotta, Marc Schiffbauer, Elizabeth Mata Lorenzo, 2013-04-25 In the aftermath of the Arab Spring when thousands of young women and men fought for the opportunity to realize their aspirations and potential the question of jobs continues to be crucial in the Middle East and North Africa region This report uses jobs as a lens to weave together the complex dynamics of employment creation skills supply and the institutional environment of labor markets Consistent with the framework of the 2013 World Development Report on jobs of which this report is the regional companion this work goes beyond the traditional links between jobs productivity and living standards to include an understanding of how jobs matter for individual dignity and expectations an aspect that was clearly central to the Arab Spring Just as important this report complements the economic perspective with an analysis of political economy equilibrium with a view to identifying mechanisms that would trigger a reform process As such the report has three objectives First it seeks to provide an in depth characterization of the dynamics of labor markets in the Middle East and North Africa and to analyze the barriers to the creation of more and better jobs It does so by taking a cross sectoral approach and identifying the distortions and incentives that the many actors firms governments workers students education and training systems currently face and which ultimately determine the equilibrium in labor markets Second the report proposes a medium term roadmap of policy options that could promote the robust and inclusive growth needed to tackle the structural employment challenge for the region Third the report aims to inform and open up a platform for debate on jobs among a broad set of stakeholders with the ultimate goal of contributing to reach a shared view of the employment challenges and the reform path ahead
